CITIZENS PETITION FOR A GRAND JURY TO INVESTIGATE CHARGES OF CORRUPTION IN OFFICE

SENSATIONAL SUIT AGAINST STRATTON

Summons Served Upon Him Yesterday, Just Prior to Departure for East, Notifying of Suit for $35,000 Which Attorneys for Joseph B. Donovan Are Preparing.

Summons was issued out of the office of the clerk of the district court yesterday against I. Harry Stratton, notifying him of a suit for $15,000 which will be brought by Joseph B. Donovan.

Later the sheriff's office secured service on Stratton personally. It was shortly before Mr. and Mrs. Stratton left for Oshkosh, Wisconsin. Hunt, Brooks & Wilcox are named as attorneys for Donovan. The plaintiff has 10 days in which to file a petition. The attorneys for Donovan refused to throw any light on the threatened litigation and throughout the day an effort was made to suppress everything in connection with the suit. It could not be learned that Harry Stratton previous to his departure from Colorado Springs had consulted attorneys. All persons connected with the matter refused to talk, but it is understood that the suit is brought on an alleged contract for services.

Joseph B. Donovan, who has served summons of suit for $ [illegible] on I. Harry Stratton.

Donovan was one of the chief witnesses for the contestant in the suit brought by I. Harry Stratton to break the will of his father. He was a lifelong friend of W. S. Stratton and has been almost a father to the son of the dead millionaire. He was the only witness called by the contestant and his questioning by attorneys brought forth the objection touching on the sanity of the bonanza king.

Donovan was placed on the stand to open this line of testimony, the testimony of crucial value to the claimant.

The notice from the clerk's office of the suit was totally unexpected. There has been dissatisfaction among witnesses called to Colorado Springs by the attorneys of I. Harry Stratton, but there was nothing to indicate that Mr. Donovan was a party to the complaints. The well-known and friendly relationship between the young man and Donovan was commented upon long before the trial and it was popularly understood that the attorneys for the claimant relied upon Donovan's testimony with their struggle for the Stratton estate.

It was Joseph Donovan who telegraphed Stratton regarding the illness of his father and wired him to come on when hope was abandoned. He greeted him at the depot and took him at once to the benefit of his guidance and advice. For years Mr. Donovan has been a ranchman, living near Colorado Springs.

Donovan has been often heard to remark that he loved the lad as a son and he was especially active in prosecuting the suit to break the will. He has been probably in consultation with the attorneys more than any other witness.

One who knew of the warm friendship between young Stratton and the elderly man who has championed his cause said yesterday he could fathom no reason why such a suit should be brought beyond the fact that some clause of a contract made between Stratton and Donovan had not been lived up to.

During the trial and after it the two were constantly together. They seemed to be more than companionable to each other and Stratton made no secret of the fact that he referred to the older man for advice in many matters of more or less importance. Whenever Harry Stratton came to Colorado Springs while his father was living he stayed with Donovan, and a room was always set apart for him at the ranch house.

The young couple had already packed and were ready to take the train when the officer rang the door bell. Stratton came down the stairs and received the summons with a questioning look at the undersheriff. When he read it he nodded and that ended the matter.

Every endeavor made to glean some information on the allegations founding the basis of the suit was met by a refusal to talk. The attorneys for Donovan would give out nothing about the suit.

PROPERTY OWNERS WHO REPRESENT MILLIONS

Appeal to District Attorney Trowbridge to Petition Judges of District Court to Call a Grand Jury to Inquire Into Charges of "Maladministration, Corruption and Unlawful Conduct" in City and County Offices.

Hon. Henry Trowbridge,

District Attorney of the

Fourth Judicial District of Colorado:

The undersigned, residents of El Paso county, respectfully represent that in their opinion the public interest would be subserved by the calling of a grand jury in this county to investigate the numerous charges of maladministration, fraud, corruption and unlawful conduct that have been made with reference to the government of the city of Colorado Springs and El Paso county and some of the officials of said city and county, which charges are notorious and, if true, the offenders should be punished.

We, therefore, ask you to officially petition the honorable judges of the district court of El Paso county to call a grand jury that all these matters be brought before it for investigation.

Respectfully submitted.

Signed by four hundred representative citizens.

District Attorney Trowbridge will be asked by representative citizens of Colorado Springs and Colorado City to petition the judges of the district court to call a grand jury forthwith to investigate:

The city offices.
The county offices.
Affairs in connection with
The new county court house.
The new city hall.

A mass meeting of citizens has been called for Monday evening, when action will be taken to immediately bring the wishes of the taxpayers before the authorities. An organization of citizens of Colorado Springs and Colorado City has already been formed and six petitions, two in Colorado City and four in Colorado Springs, were put in circulation yesterday morning and are being rapidly signed. These petitions represent that a grand jury should be called to investigate the numerous charges of maladministration, fraud, corruption and unlawful conduct that have been made with reference to the government of the city of Colorado Springs and El Paso county and some of the officials of said city and county, which charges are notorious and if true, the offenders should be punished. The petitions are directed to the district attorney, who is asked to officially petition the judges of the district court to call the grand jury. The petitions will be presented by a delegation of citizens to District Attorney Trowbridge Tuesday.

Evidence Not Lacking

Those who are leading the movement for a grand jury, a movement including all representative citizens, state more than sufficient evidence is in hand to justify a grand jury. The charges of crookedness embrace not only the office of Building Inspector [illegible] but of other city offices including that of City Auditor [illegible] Harris and of City Treasurer Voorhees. Charges of fraud on the taxpayers of the county are made in connection with the county court house scandal. The original plans and specifications, and the specifications on which the court house was built, called for an expenditure of $200,000. This amount has increased to $450,000 and no explanation has been made, although builders and contractors have offered to duplicate the building for $275,000. The new city hall and the expenditures for construction made thus far, in regard to which there has been talk, will also be a matter for investigation.

The petitions are the result of action taken at a meeting attended by a few taxpayers of Colorado Springs two weeks ago. The matters that had come to light following the exposure of irregularities and peculations in the office of the building inspector and the well-known scandal in regard to the county court house, with the general charge of crookedness in the city government, were discussed and plans were advanced to get at the bottom of the charges. M. J. Layden was elected to preside. It was decided that a grand jury was the proper body to make a thorough investigation.

For Good Government

The taxpayers perfected an association to be known as the "Good Government Organization" and left the plan of unearthing the charges to a committee. It was decided to take no further steps until after election, as an attempt at that time during the heat of the campaign to open up the city and county offices to investigation, it was held, might be construed to mean that it was a political move. And as the members of the organization and those interested in the movement to secure a grand jury are of different political faiths it was deemed wise to wait until the election was over and the matter would receive the attention it demanded from all taxpayers and citizens irrespective of party affiliation.

"There are many people making many accusations against members of the city and county government," said Mr. Layden yesterday. "They state they have evidence of rottenness and if so they should be given a chance to tell what they know before a grand jury. It was time that somebody or some organization should take the initiative. The citizens are demanding an investigation. They are eager to help in any way to secure a grand jury and the sentiment is that if good government shall prevail in Colorado Springs, now is the time to take the steps to secure it in the future. I have not had this petition I was circulating out over an hour to secure the names attached, had I followed it up I could have secured 100 more names today."

Six petitions are in circulation, four in Colorado Springs, and two in Colorado City. The following names are attached to the petition circulated yesterday morning by M. J. Layden, formerly county assessor:

Thomas F. Burns.
Henry Tamm.
C. J. Reynolds.
C. H. Hancock.
H. S. Hawks.
T. J. Sanford.
A. J. Berry.
F. W. Kornmeyer.
John Ryan.
C. O. Ingwoldstad.
A. H. Whaite.
Phil Strubel.
F. B. Ross.
S. J. Altman.
S. N. Nye.
James F. Burns.
F. A. Perkins.
Frank G. Peck.
A. T. Gunnell.
Joseph H. Ryan.
A. A. Mueth.
F. W. Hofer.
James Carlick.
F. G. Honath.
A. E. Wilson.
A. A. Walling.
H. W. Wyman.
B. Tucker.
C. S. Cohen.
J. H. Hull.
A. O. Polnier.
A. D. Jones.

PRESIDENT FORTY MILES FROM HIS HEADQUARTERS

By Associated Press

Cinnabar, Mont., April 10.—Secretary Loeb received no word from President Roosevelt today. The president is in the mountains at a point 40 miles from his headquarters. When he started for the place yesterday morning it was his intention to remain there for a number of days and possibly a week. Snow fell today in the vicinity in which the president has gone, but the fall was not heavy.

John Burroughs, the naturalist, did not accompany the president yesterday as he was suffering from a slight cold. This has almost disappeared now and it is Mr. Burroughs' intention to join the president tomorrow. While Mr. Burroughs will be with the president off and on during his stay in the park he will not accompany him on all his trips. The president is studying animal and plant life in the park and is enjoying himself there.

VOORHEES' FRIENDS HARD AFTER DAVIS

City Treasurer Voorhees wants it stated that he is not an applicant for any place in the gift of the new city administration.

"My friends have informed me," said Mr. Voorhees, "that they think some recognition is due me for past services and I have been informed that my name has been mentioned for this recognition. I have not made up my mind in regard to the matter and cannot say at this time whether I would accept or not."

The fight between the Davis and Voorhees factions still wages with a merry bitterness that echoes from the old city hall to the new city hall and from there to the Giddings block. Mr. Voorhees' friends are after the scalp of Water Commissioner Davis and a determined fight is being made on that office. Voorhees' friends hold Davis responsible in large measure for the city treasurer's defeat at the polls last Tuesday, and the inside facts of the feud came to light for the first time yesterday.

It comes from the Voorhees side that, just previous to the Republican primaries, Water Commissioner Davis came to Mr. Voorhees and asked the latter if he would support him in a candidacy for the nomination by the Republican convention for city auditor. Voorhees replied that he would gladly do so, and believed the incident was closed. Within a short time and just prior to the convention friends of Voorhees told him that Davis was out for the nomination as city treasurer. On the authority of Voorhees a friend went to Davis and stated that if Davis would only keep out of the convention and not oppose Voorhees who, in the light of charges made against him, had one ambition which was the indorsement by his party in convention assembled of his administration, he would aid personally and otherwise Davis' candidacy for the auditorship.

This offer was turned down and the two men ran an almost neck and neck race, a very few votes being cast in favor of Voorhees at the convention. The split then occurred and it is charged that the Davis contingent went out taking the field against Voorhees and aiding in the election of the Democratic candidate for treasurer, W. H. Hoagland. Mr. Voorhees states he has evidence that instructions were given Republican voters that if they scratched the ticket to scratch Voorhees.

Concentrates From News of the Day

Washington, April 10.—Forecast for Colorado: Fair, cold Saturday, Sunday fair.

LOCAL.

New board of trustees inducted into School for Deaf and Blind yesterday.

Paul Bader, a former Colorado Springs boy, is stricken with blindness.

Philip Knowlton will probably be appointed supervisor of state printing.

Mayor-elect Harris will create office of matron for city hall.

Arrest of two grafters who worked pay sergeants on the Utes.

Results of Edward P. Wright declamation contest at the High school.

Some objections that were not made by the elevator boy.

Water famine at the Glockner on account of too much sprinkling.

Young society girls will entertain today for benefit of Y. M. C. A. building.

St. Mary's church will have new altar to cost $2,000.

East Side Improvement society appoints committee to work for Santa Fe crossings.

Veterans of the Philippine war hold smoker and arrange for Decoration day.

GENERAL.

Rev. William Henry Milburn, the blind chaplain of the United States senate, died yesterday at Santa Barbara, California, aged 80 years.

Powell inquest did not educe proof whether the death was due to accident or design, no further light was thrown on the Burdick case. Pennell's statement relative to the Burdick divorce and murder is made public.

Attorneys for Jessie Morrison have asked Kansas supreme court for new trial.

President Roosevelt is now in the mountains at a camp 40 miles from his headquarters.

NEWSPAPERARCHIVE®

Catholic Prayer Books

We received by express yesterday four dozen Catholic Prayer Books, direct from Philadelphia. These added to our previous line make us headquarters for Catholic Prayer Books. The ... are the nicest we ever saw. You can get a nice flat pocket prayer book with leather back for $1.00; better ones for $2.50, and up to $8.75 each; or a nice child's Catholic prayer book for 50c.

Colorado Wild Flowers

We exhibit today a superb collection from the original paintings of our own Colorado Wild Flowers.

In our opinion, there isn't for the price asked, a nicer, daintier nor more delightful Easter gift than one of these reproduced collections of Colorado Wild Flowers. Price, the choice, two for 25c.

Those Easter Ducks

You have seen those Easter Ducks in our windows. They have been the talk of the town only a few left—they are yours today at 35c; 3 for $1.00; finer grade, nicely mounted, at 75c each. These same ducks are selling in Denver stores from $1.00 to $1.50 each.

THE NEWEST LAWSON PINK.

Pure White Is The Color of This Year's Prize Carnation.

It really looks as if Thomas W. Lawson would corner all the new things in carnations.

At the latest flower exhibition in New York—the Rose show in the Berkeley Lyceum—one of the two new carnations, and the one that took the first prize, was the "new Lawson." It differs from the old and famous Lawson pink only in color, having the other characteristics of size and fullness. The color of the "new Lawson" is a pure white.

Those who love carnations and are anxious to have the latest bloom may have their admiration for the "new Lawson" somewhat lessened by the fact that they cannot possess them. The Boston millionaire has a monopoly of the flower and it cannot be bought from him.

It gives Mr. Lawson much satisfaction and no little advertising to control absolutely a particular bloom of carnations. The Lawson pink did, perhaps, more than anything else to lift Mr. Lawson into national prominence. Of course, he was pretty well known in and about Boston, and Wall street knew something about him, but the country at large was not familiar with his name.

But when it was announced that he had paid $30,000 for the exclusive ownership of the finest pink that had been developed at that time it made a sensation.

For five years the Lawson pink held its own. And it was as much admired in the recent show as it has ever been, although the new Lawson came in for more attention because of its novelty.

It is not known how much Mr. Lawson paid for the latest carnation that bears his name. As a matter of fact, the "pink perfection," as the first one was called was named after Mrs. Lawson. Mr. Lawson had heard about the flower. In fact, the Boston florist who controlled it had decided to name it after Mrs. Lawson before her husband bought it. He heard that Mr. Higginbotham of Chicago had made an offer of $6,000 for the original plant and he raised this by $1,000. Afterward he offered $30,000 for the total stock.

It should be explained that these fine carnations are propagated by transplanting cuttings or slips—the florists call it grass—and there were in existence no fewer than 8,000 plants at the time Mr. Lawson bought his pink. There is no hope of getting results when the seeds of these hybrids are planted, for the florist never knows what the flowers will be like. It is pretty certain that they will not resemble the bloom it is desired to propagate. But if a single slip is secured the possessor can raise as many plants as he likes.

Both the Lawson carnations were grown by Peter Fisher, whose greenhouses are about 25 miles from Boston. He has made a specialty of these flowers for more than 20 years and in that time he has had half a dozen real successes. The Freedom was the best known up to the time that the Lawson became famous. Fisher worked for six years in his laboratory for it is really that, before he brought forth the Lawson pink.

After he had produced the original plant he made the 8,000 others from the cuttings or slips. When the sale to Mr. Lawson was made Fisher placed three sentries outside the greenhouse, while he and his wife sat up all night inside guarding the plants. If a single slip were taken the Boston millionaire could not have had a monopoly of the carnation, which was then admitted to be the finest that ever had been grown.

But the plants were safely guarded and delivered to Mr. Lawson without the loss of a single one. And he took measures that prevented the pink from reaching the public for three years. In fact it has only recently been offered generally for sale.

That is a ... big achievement because it is one of the most difficult things in the world to maintain a monopoly on a flower which is so easily grown.

Perhaps Mr. Lawson would not have consented to have the original Lawson carnation placed on the market had he not known that the new one was forthcoming. When the interest in his $30,000 carnation was at its height he offered a prize of $5,000 to any one who would produce a pink as fine as the Lawson, but it is not of record that any one ever won this reward.

The "new Lawson" carnation is also a triumph of Peter Fisher. He has been working on it ever since he developed the "pink of perfection," which was as famous for its size as it was for the perfection and purity of its color, its hardiness and the wealth of its bloom.

Fisher's aim was to produce a perfect white carnation as large as the pink Lawson and with the same luxuriousness in petals. The finest specimens of the Lawson pink carnation are from four and one-half to five inches in diameter, and although that size is rarely attained, yet Fisher set himself about the task of equaling it in the white flower and at the same time in securing a white that would be typical.

That he succeeded is shown by the fact that the new bloom won the first prize in the recent exhibition. There is a certain softness and delicacy of the pure white, and the shadows along the thick petals make an exquisite contrast.

There was another new carnation on exhibition at the show which is also white. It is a seedling of the Bradt. For those who only admire pinks and know little about them it may be explained that the Bradt is that very lovely pink whose sharply serrated edges are a bright scarlet and whose petals have sharply defined and rather slender lines of red.

It is a very beautiful flower, and despite the fact that the red lines are the distinctive characteristic of the Bradt, the white one has an individuality of its own, and it is hardly less beautiful than the white Lawson.

The old Bradt continued to attract a lot of attention and so did the Prosperity pink, which was brought forth during the first year of President McKinley's administration. This flower, with the pure white surrounding the delicate pink of the petals, still retains its popularity.

The way in which these wonderful hybrids are developed is simple enough—when you know. With a camel's hair brush the pollen from the stamen of one plant is transferred to the pistils of another and it is carried down to the ovum, which it fertilizes.

That is really the simplest feature of the process. The scientific part comes in the care of the fertilized plant. It takes much knowledge and years of experience to develop a large and beautiful flower and even the ... experts have few successes.—(New York World.

CAPTAIN PERSHING'S FORCE HAS CAPTURED BACOLOD

By Associated Press.

Manila, April 10.—Captain Pershing's force captured Bacolod, island of Mindanao, Wednesday, killed a hundred Moros and wounded many others. Three Americans were wounded.

Pershing's force consisted of Shaw's battalion of the Twenty-seventh infantry, Kilpatrick's troop of the Fifteenth cavalry and McNair's battery.

Pershing was surveying the west shore lands when the Bacolodians opposed his advance and provoked the fight. Pershing's force surrounded and attacked the stronghold, first shelling them and rushing his troops forward, charged gallantly. After crossing a deep moat and entering the fort the Americans engaged the Moros, bayonets against krisses. A hundred of the defenders were killed including the datto of Panandungan, and many were wounded. Only three Americans were wounded. After the capture of the fort it was destroyed. The Bacolod leaders and the majority of the people of that district had been hostile to the Americans and encouraged attacks of American camps. They rejected the tenders of friendship. It is expected that the defeat of the Bacolodians will result in all the Moros acknowledging American sovereignty.

Pershing's column is going to Haranue, which is also hostile.

PROPERTY OWNERS WHO REPRESENT MILLIONS

(Continued from page 1.)

Tomorrow I will continue the work. I tions, and we have between 300 and 400 names this evening.

Consider It a Duty.

"We look at it as the duty of every citizen who stands for good government and who lifts his voice in protest against the robbery that has been practiced against the taxpayers, to sign these petitions. If officials charged with crookedness come scathless out of the investigation, that result will, in itself, justify the impaneling of a grand jury, and it is only the guilty or those who fear, who will oppose the calling of a body of men to investigate and report upon the true condition of affairs, both city and county; to the taxpayers.

"Monday or Tuesday the petitions will be presented to the district attorney, who is the proper officer to solicit the grand jury from the judges. Another meeting of the organization, and of all citizens interested, which will be in the nature of a mass meeting, will be held Monday evening, possibly at Colorado City. We will compare notes, send the petitions to the district attorney and then adjourn until we hear from that officer. There will be in the neighborhood of 1,000 names. The court is required to call a grand jury when any body of representative taxpayers, acting in good faith, so demand."

Millions Are Represented.

On the list circulated yesterday by Mr. Layden are signatures representing property valued at $10,000,000. Mining, business and professional men signed.

During the day several men who state they have intimate knowledge of matters embraced in the charges, gave their names to the circulators of the petitions and stated they desired to appear as witnesses before the grand jury. Among them was Leslie W. Popejoy, who was given the contract for plastering the new county court house. Popejoy has now finished his work. He has a bill of over $9,000 against the county commissioners for extra work performed by him, as he states, to cover up the bad work of other contractors, who not only put in cheap material but failed in many instances to live up to the terms of their contracts. Popejoy contemplates suit against the commissioners and says he has affidavits from his workmen to substantiate his case. He has charged that contracts calling for $500 have been increased to $2,500, the $2,000 going as a gift to the alleged contractors, and that other contracts have been extended in the same way.

William Miller, architect of Chicago, looked over the plans and specifications of Supervising Architect Smith just before ground was broken for the new county building. Mr. Miller doubted that the structure could be erected for $200,000, the figures given by Mr. Smith, and said $25,000 additional should be allowed for extras, making the total cost of the building $225,000. It has been erected according to these plans, and the taxpayers of the county have been informed the building has cost $450,000, more than twice the original and positive estimates. A local contractor has made the statement that he can duplicate the structure for $200,000, and will put up a bond of $300,000 to show it can be done.

BIG FORCE OF MEN AT THE HYMELIA CREVASSE

By Associated Press.

New Orleans, April 10.—A force of 350 men is at the Hymelia crevasse today sacking the wings of the cribbing and attempting to make secure the broken ends but no further attempt was made to close the break. If the wings last there is no fear that the crevasse in the levee will enlarge. It is estimated that between $100,000 and $200,000 has been sunk in the work at Hymelia.

The river here dropped to 19.9 today, a fall of two-tenths.

GATES AND ASSOCIATES BUY MORE MEXICAN MINES

By Associated Press.

Monterey, Mexico, April 10.—John W. Gates and his associates who, for some years, have dealt in Mexican mining property, have entered the Sonora field and, it is said, will invest many millions in that state. They have purchased the Creston and Colorado mines, two old properties, located 15 miles east of Torreon, on the Sonora railway. What price they have paid for these properties is not known, but it is understood to be near $10,000,000. Two men, Price and Chamberlain, of Cleveland, held the claims originally.

ADJUDGED GUILTY.

By Associated Press.

Chicago, April 10.—The board of election commissioners and Chief Clerk Rowley were today adjudged by Judge Haney guilty of contempt of court in opening and counting the ballots cast for Lorrimer and Durborrow in the Sixth congressional district in violation of the injunction issued to restrain such action, and were fined $100 each. They refused to pay and an order was entered for their commitment to the county jail. They will remain technically in the custody of the sheriff until next week, when habeas corpus will be begun in the supreme court.

BATTLE CREEK SANITARIUM FOODS at the VEGETARIAN CAFE. Large shipment of fresh goods just received.

AMERICANS IN CANADIAN BANKS.

Holdings in Newer Institutions—Distribution of the Stock.

The disposition of American capital to seek Canadian investments which was commented upon in a recent paper of John G. Foster, United States consul-general at Halifax, has been most noticeable in the share lists of the newer banks, especially of those institutions that have branches in the United States.

The Royal Bank of Canada, formerly the Merchants' of Halifax, leads in the number of American shareholders, 5,000 shares out of the total 25,000 being held by a syndicate of New York and Chicago capitalists. The Sovereign bank, which was established last June, is as yet the only Canadian bank with a United States citizen on its board of directors. Some $250,000 of its stock was taken by United States interests. The Canadian Bank of Commerce, with its paid-up capital of $8,000,000, has been able through its branches at New York, Skagway, Seattle, and San Francisco, to attract American capital to the extent of 6,810 shares of a par value of $40 each. Out of 60,000 shares of the stock the Bank of Montreal, 1,146 are held by residents of the United States. The Metropolitan bank, which opened in October last with a paid-up capital of $1,000,000 and an authorized capital of $2,000,000, has sold 284 shares to Americans. More than five hundred shares of the Bank of Nova Scotia, representing 2.745 per cent. of the total stock, are held by residents of the United States.—(New York Post.

Liquor Selling in France.

The "steady drinker" in France, it seems plain, is bringing on himself and on his nation the inevitable ruin that comes from too steadily used and too much used "alcoholic food." It is a "far cry" from the use by physicians of alcohol temporarily and when wise, to the folly and sin of its use by the "steady drinker." In time he gets very unsteady. Witness France! Since 1874 no special license has been required for selling liquor and the number in that trade has doubled. The elections depended upon the liquor dealers. A union of dealers entered suit in the courts against the prefect of the Seine for an anti-alcoholic placard. The liquor unions got up placards on their side rehearsing the merits of alcohol as a food, as proved by American scientists. In Normandy the baby is given alcohol at the christening, and thenceforward "to kill worms." When the worms no longer serve as an excuse, the drinking goes on all the harder. In the department of the Eure the adult citizen consumes 96 liters of brandy (50 degrees alcohol) a year, that is, about 10 drinks a day. There is one liquor dealer to every 23 people. A well-paid workingman was found to spend 84 cents for drink and 22 for food. Before 1870 an equal population of the Eure consumed 20,000 hectoliters of drinkable alcohol; in 1880 the amount was 30,000; in 1890, 56,000. Per head of population, the average consumption has mounted from seven to 16 liters—alcohol at 100 degrees. In the last century the average mortality of France fell from 25 to 23 per 1,000 inhabitants; in the Eure it has risen from 22 to 26. Fifty years ago there were 12 suicides to the 100,000 inhabitants in that country province; now there are 46, as against 22 for the rest of France. In other ways the progress —downward—is still more headlong. In 1890 there were 40 lunatics in the asylum of Evreux; in 1898, without any change of system, there were 200.—(American Medicine.

LARGEST PAPER MILL IN WEST.

A Sault Ste. Marie Plant Will Turn Out From 125 to 150 Tons Daily.

The officers and directors of the American Soo Pulp and Paper company held a meeting at Sault Ste. Marie Mich., last week and approved plans that have been drawn for the new project, which includes the development of approximately 20,000-horse-power of the Chandler-Dunbar Water Power company on the rapids opposite the ship canal.

Among those from outside interested are J. P. Hummel and Caselius M. Paine of Milwaukee, Hoyt Post and W. K. Kenny, of Detroit, and C. E. Wallace of New York.

The plant will be the largest of the kind in the United States west of Niagara Falls and will have a capacity of 125 to 150 tons of paper daily. Print paper, wrapping paper and high grade manila fiber and box board will be the principal product of the mill.

The contract with the Chandler-Dunbar company calls for ... horse power. The entire plant will comprise a group of buildings, ... feet long and ... feet wide, the largest of which will be the power building, ... Active work of construction will begin next month and the plant is expected to be ready for operation in May, 1904. The company owns large tracts of pulpwood in the upper peninsula and Ontario that will furnish raw material for many years to come. The project will be the second largest industrial enterprise at Sault Ste. Marie. —(Detroit Free Press.

HOW TWO BEAUTIFUL WOMEN ESCAPED SPRING CATARRH BY USE OF PE-RU-NA.

Nothing Robs One of Strength Like Spring Catarrh—Spring Fever is Spring Catarrh.

Miss Frances M. Smith, Treasurer of East Side Ladies Aid society, No. 814 7th avenue, New York City, writes:

The Peruna Medicine Co., Columbus, O.

Dear Sir—"Care and responsibility shattered my nervous system. Like other women under a great strain my system gave way. My sleep was disturbed. I was just as tired in the morning as I was at night, and there was a lazy, weak feeling over me all day. A friend requested me to try Peruna. I am glad to be able to say that after taking six bottles of it I feel a new woman. My stomach is now in perfect order and I sleep well."—(FRANCES M. SMITH.

Have you got nerves? Well, you ought to have nerves. But they ought to be strong nerves, good nerves. Does your hand tremble? You are living too fast. Does your heart flutter at times? You had better call a halt. Americans live too fast. They crowd too much into a single day. They have too little leisure. The hospitals and insane asylums are filling up. The quiet, pastoral scenes of yore are becoming rare. It's time that we quit this sort of business.

How to get strong nerves.

First, repair the injury already done to your nerves. The way to do this is to do exactly as did Mattie B. Curtis, Secretary of Legion of Loyal Women, Hotel Salem, Boston, Mass. She said in a recent letter: "I suffered for over a year with general weakness and debility, manifested in severe headache and backache. I took four bottles of Peruna, and for two months have been entirely free from these maladies."

Nervous Prostration.

Thousands of cases might be quoted in which Peruna has been used to rescue people from the perdition of deranged nerves, and put them on the good, solid foundation of health. The County Auditor of Erie county, New York, Hon. John W. Neff, in a recent letter written at Buffalo, New York, stated: "I was persuaded by a friend to try a bottle of your great nerve tonic, Peruna, and the results were so gratifying that I am more than pleased to recommend it."

A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as Mrs. D. W. Timberlake, of Lynchburg, Va., who, in a recent letter, made use of the following words: "I always take a dose of Peruna after business hours, as it is a great thing for the nerves. There is no better spring tonic and I have used about all of them."

Catarrh in Spring.

The spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather. This renders medicines more effective. A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Miss Della Janveau, Ottawa, Ont., writes a letter to the Peruna Medicine Co.:

"Last spring I had a regular spring fever, my blood seemed clogged up, my digestion poor, my head ached, and I felt languid and tired all the time. I tried Peruna and am pleased to state that I found it a wonderful cleanser and purifier of the system."

MISS DELLA JANVEAU.

Special Easter Offerings

SATURDAY.

The Suit Department

This department fairly bubbling over with new and tempting Easter styles—with tempting priced too—and Dame Fashion's dainty touch adds interest to every garment. In suits, skirts and silk jackets we are certainly showing the strongest lines of any previous season. Every garment fitted, no charge for alterations.

HENRY WATTERSON'S ADDRESS.

COLONEL WATTERSON'S address before the Hamilton club in Chicago on Thursday evening was a sane, scholarly and eloquent discussion of a very important question

The subject of his discourse was "Peace Between the Sections," but it was really in large measure a discussion of the negro problem in the south Colonel Watterson was, as he always is in his public discussions, in the best of humor, and presented the matter from the standpoint of the southerner, but at the same time temperately, and with due consideration to the views of northerners who differ with him

He believes as all southerners and many eminent northerners believe that negro suffrage, at least so far as the south is concerned, is a failure A black man, if he votes at all votes as he is told to vote by unscrupulous and designing politicians The south does not intend to be ruled either by negroes or by the lowest grade of Republican politicians

It is true also, as Mr Watterson suggests, that the negro problem in the north and south is a widely different one. It is the difference between a theory and a condition It is also true that white men who are the strongest sort of Republicans in the north, vote the Democratic ticket for self-protection before they have been in the south for 12 months

The never-ending political agitation over the negro vote and the unscrupulous use which is made of that vote in the south is one of the greatest hindrances to the advancement of the negro that can well be imagined Instead, therefore of suffrage being helpful and valuable to him, it is now a source of evil and degradation to him The people of the south are entitled to a great deal of credit for what they have done for the thousands of black men who are in their towns and villages all over that great section They have enabled him to become self-respecting, to earn a livelihood, to better his conditions in many ways. They give their hearty assent and support to the work of such men as Booker Washington—men who are not striving to interest the negro in politics, but to teach him useful trades and arts and customs

Colonel Watterson's views upon this subject are not merely those of a representative southerner Hundreds of northerners agree with him upon his main propositions Among them are many eminent members of the Republican party, which party alleges itself to be the especial friend and guardian of the negro These men have the courage to stand firmly for what they believe to be the correct attitude toward the negro and for his best interests They will serve as a rebuke to those hot-headed patriots who would disrupt a peaceful and prosperous country to give the black man something which he does not want and which he cannot in his present state of training and education utilize to the best advantage of himself or his country

THE PENNSYLVANIA LIBEL LAW.

IN QUAYVILLE, sometimes known as the state of Pennsylvania a bill has been introduced and passed by the senate designed to prevent the publication of articles or pictures alleged to be injurious to the character or reputation of citizens of that state.

Inasmuch as the state of Pennsylvania is an oligarchy, owned and controlled by one man, it is natural that we should expect some such law from such a state

While the bill is apparently innocent enough on its face its real design is to prevent the publication of any facts concerning the notorious boodling which has so long disgraced the annals of that state.

Naturally when the newspapers print a man's record showing that he has amassed a large fortune from shaking political plum trees he should be at least annoyed and no doubt would be able to present quite a case of physical and mental suffering In accordance with the provisions of this act

His financial circumstances would be such that he could employ high-priced medical talent to show that on such and such a date he was afflicted with a certain amount of anguish as the result of certain statements in the public press No man is wholly happy when his misdeeds are brought to light, and under the provisions of this act he would be permitted to sue and recover damages from newspapers which had the temerity to state the facts The press has had a good deal to say in past years concerning the peculiarities of Quay, Ashbridge and the rest of them, and it has no doubt been a source of annoyance to these rulers They would now make it a matter of "lese majesty."

Nevertheless, the newspapers of Pennsylvania are not disposed to abandon all their rights, and are making their presence felt in the legislature in a very vigorous manner It is to be hoped as a result of their efforts that there will still be left a free press in Pennsylvania, even if a free and honest ballot is a thing of the past

The explosion on the battleship Iowa whereby three men were killed and five injured should be the subject of a searching and vigorous inquiry by the navy department We are told that opinions differ as to the exact cause of the explosion, but a rigid inquiry ought to at least shed a positive and definite light upon the subject It was only a few months ago that the Texas had a similar explosion It is clear that the fault is either with the making of the shell, or with the gun, or with the handling of the gun. In any event, somebody is undoubtedly responsible and should be brought to trial for this loss of life.

Governor Peabody is quoted as saying that the Fourteenth general assembly intended all along to kill the eight-hour bill The governor thus furnishes a very powerful indictment against his own party, for the senate promptly passed an eight-hour law which was simple and satisfactory, but when it got into the house, controlled by the governor's particular partisans, it was amended in such a way that no self-respecting legislator could vote for it.

Even the ingenuity of the able and alert correspondents who are with the presidential party will be taxed to the utmost to furnish good reading from outside the gates of Yellowstone park.

A Pittsburg man died the other morning at the breakfast table while reading the paper. It must have been from shock to find that there was no new kind of breakfast food advertised.

A STATEMENT.

IN VIEW of the fact that the Gazette and its management have, as we believe, been placed in a false light, we deem it fitting and proper that a brief statement be made with reference to some matters that have at least contributed to the misapprehension.

It has been charged that the Gazette was acquired from its former owners for the purpose of taking a part in the labor troubles existing at Colorado City on March 1, the date when the present management assumed control. As a matter of fact the contract for the purchase of the paper was made and signed on the 12th day of November, 1902 and provided for the turning over of possession on February 20, 1903, this date was later changed to March 1, 1903 It will thus be seen that the acquisition of the Gazette had no connection, even in a remote degree, with the occurrences of February of this year. Negotiations looking toward the purchase had been in progress off and on for about one year prior to their consummation

We desire, furthermore, to say that no stockholder or bondholder of the Gazette company is now, or since its organization has been, so far as we know, the owner of a single share of stock in any of the companies owning mills at Colorado City

We are impelled to make this explicit statement in view of statements that the purpose and object of the Gazette is to make a crusade against organized labor Nothing could be farther from the truth, and we regret that such an impression has found lodgment anywhere

On the contrary, we have always believed, and have so stated, that through their organizations the laborer has greatly benefited his condition and that this has been accomplished against great odds

The day has passed when any rational man should take a stand against the principles of unionism as we understand them to be.

The Gazette's only ambition is to serve the best interests of every right-minded member of the community regardless of his occupation his profession or his beliefs

THE CARNEGIE LIBRARIES.

MR CARNEGIE'S purse seems to be open toward the west and especially the Pike's Peak region He has already given $50 000 to Colorado Springs and $10 000 to Colorado City and now the cheering news comes that he has agreed to add $10 000 to his gift to Colorado Springs and is very favorably disposed toward Manitou

It is not at all improbable, therefore that there will be three Carnegie libraries in process of erection in these three cities at once The Colorado Springs committee has made on the whole a wise selection in the General Palmer site on Kiowa street It is only one block north of Pike's Peak avenue about a block and a half west of Tejon street It is therefore in a fairly central location as regards all quarters of the city

Inasmuch therefore as both the site and the library building are gifts it behooves the general public of Colorado Springs to see that the library has a fitting complement of books The energies of all interested in the public library should now be turned in this direction

The report that there are 60 applicants for the vacant pulpit of the First Presbyterian church indicates that Colorado Springs is considered one of the choice locations in the ministerial profession The fact that the city is so well located, that the surroundings are attractive and that there is an abundance of pure air and sunshine leads many a minister to believe that he would have an enjoyable pastorate here Not only that but the large membership fine edifice and good financial standing of the church furnish additional inducements to those looking over the field It is to be hoped that the Presbyterian body will be able to select a minister fully capable of filling this important and responsible position

The aldermanic contest in Chicago between Honore Palmer and Fletcher Dobyns had all the exciting features of a pink tea The voters were taken to the polls in automobiles more than a hundred such vehicles being employed Palmer however with the energy and enterprise which characterize the family got the most votes and won the day

Lists of notables who will "ride in carriages" during the president's visit to various towns are being published in the local newspapers These lists contain the names of everybody from the governor down to members of the board of aldermen Is it possible that the president of the United States cannot come to a town without inflicting upon him a huge cortege of local statesmen?

The United States Steel corporation did a business of $25 000 000 for the first quarter of the current year As illustrating the magnitude of the concern it is reported that orders for 5 000 000 tons of manufactured products were on the books April 1 This steel concern is one of the few enormous trusts which does not seem likely to collapse of its own weight

At the risk of displeasing some of the bosses we venture to suggest that it is not altogether fitting that a man who has been arrested upon the charge of malfeasance in office as for example Building Inspector Coray should be permitted to continue in charge of that office either in person or by proxy He should certainly be suspended from duty pending investigation and trial

Certainly the powers would be justified in continuing to prevent the importation of arms into China The only purpose which this importation appears to have served in the past is to equip some thousands of Boxers with the implements for massacring missionaries and other foreigners brutally and without provocation

In New York Governor Odell has the majority of the legislature so well under his thumb that they are known as "rubber stampers" Somehow or other New Yorkers are fond of being puppets If it isn't Odell it is Platt or Croker

The first estimates upon the Panama canal proposition indicate that about 30 000 men will be employed upon the project when it is well under way This is a small army in itself, and Colombian revolutionists will please take notice

If the Republican party loses 8 per cent of its vote in five months, how many months will it be before the support of its evening organ will prove absolutely fatal?

The people of Canon City have not yet learned the New Jersey customs They admit that there will be a good crop of peaches as well as of cherries

Delegate Rodey of New Mexico is one of the men in whom "hope springs eternal" He is sure that statehood will come with the next congress.

Mayor-elect Harris is experiencing all the joys of a man with 15 offices to fill and with 1,500 applicants to fill them.

Mayor-Elect Harris Will Create Office of Matron for City Jail

Mayor-elect Ira Harris announced yesterday that he would create a new city office, that of matron at the city jail. There are several applicants for the place, but his honor has not yet made the selection. Under the new juvenile law children under 16 years of age cannot be kept in jail where it is held influences of such evil character may change for the worse their natures. The law provides that prisoners of such tender age shall be kept in the custody of a matron.

A movement is on foot among the Republican workers for the creation of another new office, that of city electrician. There are three electricians possessing the requisite knowledge to hold the position who are advocating that this berth be provided for one of them. It has met with opposition on the ground that there is really no need for an office of this nature, and Mayor Harris stated yesterday that he had not yet considered the proposition.

Knowlton Is Slated for Supervisor of State Printing

A report comes from Denver that Governor Peabody will appoint Phil C. Knowlton, a prominent newspaper man of Cripple Creek, to the office of state supervisor of printing after he signs the bill passed by the legislature creating that office. The legislature passed the bill creating the office with the expectation that the state could be saved from $30,000 to $40,000 annually by having a responsible supervisor of that branch of the public expense. The office carries with it a salary of $2,500.

Mr. Knowlton is a son of Mrs. A. D. Knowlton and a brother of Miss Zelda Knowlton of this city and is as well known here as in Cripple Creek, where he is manager of one of the leading papers of the district. There are several applicants for the appointment but it is understood that Mr. Knowlton will be appointed on account of his knowledge of the business which would come under his supervision.

New Board of Trustees Will Build Gymnasium for School

The members of the board of trustees for the Colorado School for the Deaf and Blind who were appointed by Governor Peabody took their seats at the annual meeting of the board yesterday. [illegible] members were reappointed, George F. West of Durango, Mr. [illegible] Donald of Pueblo and W. G. [illegible] of Colorado Springs and W. H. [illegible] of Canon City, who [illegible] M. Gottlieb of Trinidad.

The board organized by [illegible] M. M. Donald [illegible] is not a member of the board but the law permits [illegible] outside for the position of treasurer.

The institution was given an appropriation [illegible] ture, and out of this amount it is proposed [illegible] tion of a gymnasium. It is hoped [illegible] in the fall. The institute was the most favored [illegible] tions in the matter of an appropriation, it being the only one [illegible] given the full amount asked for. The others [illegible] cent.

Some Observations That Were Not Made by the Elevator Boy

Mayor-elect Harris had another busy day yesterday with the hungry. After it was over and the claims to recognition had all been duly filed the mayor stated that he could not possibly get to the appointments until next week. "I have made no selection yet and will not do so until all matters in connection with the candidacy of the applicants have been thoroughly sifted," said the mayor.

The mayor has the appointment of city physician, the chief of police, the chief of the fire department and the marketmaster.

The political wiseacres who have been watching the course of events around the Giddings block state that Dr. P. O. Hanford is leading in the race for city physician and will probably secure the appointment hands down. There are 11 applicants for the position of marketmaster, but the present incumbent, R. H. Coster, has commenced a vigorous campaign backed up by several of the present city officials. While it is conceded that the present chief of police, V. King, will remain, O. E. Rickerson, the real estate man, wants the job.

The city council elects a superintendent of water works, the street commissioner, a superintendent of the cemetery, a water commissioner, the building inspector, chemist, storekeeper, dump boss, and the chairmen of the council committees distribute patronage under the indorsement of the mayor and in several cases, of the heads of departments. Two employes in the health department will be given jobs in this way, and assistants to the heads of departments; for instance, the city clerk, auditor and treasurer will each have assistants. The stenographer will be appointed by the committees, while assistants to the superintendent of water works, to the superintendent of cemetery and to the street commission[er] will also be designated. The superintendent of irrigation and the general foreman are other appointees. There are applicants from the ranks of the workers for all of these jobs. It is a Chinese puzzle to figure out what the new city council will do to placate the bunch which necessarily must be disappointed. It is conceded [illegible] usefulness [illegible] and it is doubtful if he will be taken care of, especially in the near future when the investigation into the affairs of his office is fresh in the public mind.

Will Canvass Vote

City Clerk MacMillan and Mayor Robinson will today canvass the vote of Tuesday and report to the council the result at the next council meeting, April 20. This is the last day on which the vote can be canvassed and they will also ascertain how the refunding bonds and the authorization of the city hall extension bonds were treated at the hands of the voters.

A movement started yesterday among the friends of Independent candidates to contest the election on the ground that possibly 1,000 ballots had been counted illegally for Ira Harris as mayor. There was talk at the city hall that some of the [illegible] candidates would open the [illegible] council meeting.

It was reported that [illegible] in the city contest [illegible] due to the similarity of the name of the Independent candidate for mayor, [illegible] S. Harris, and of the Republican candidate, Ira Harris. Ballots had the word Republican written in the blank provided at the top, showing that the Republican ticket was to be voted with the provision printed below that exceptions should be noted for scratches. These ballots had a cross to the right of Ira Harris' name, and the Independent workers stated that it was evident that the voter thought he was voting for Ira Harris when he wanted to scratch Ira Harris. They based this statement on the belief that if a straight Republican ticket was to be voted the voter would content himself with writing the word Republican at the top and not taking the trouble to scratch the Republican candidate for mayor.

They claim that [illegible] showing the vote should have been thrown out wherein they were all counted for Harris. Eighty of these ballots were reported by judges in precinct [illegible] in precinct 38 and in other precincts, but it was pointed out that the ballots were legal, as the crosses after Ira Harris' name would not alter the fact that a straight Republican ballot was cast.

Court Colorado Raises Money to Bring Big Convention Here

The ninth anniversary of the founding of Court Colorado No. 841, Ancient Order of Foresters, was celebrated last night in the Knights of Pythias hall in the DeGraff building. A fine program, consisting of literary and musical numbers and recitations was given, after which there was dancing. There was a big crowd present and most of the members remained to dance. Besides the members of the local court many from Colorado City lodge were in attendance, and many visitors were noted in the crowd.

The proceeds of the affair will be devoted to the purpose of sending a delegation to the annual convention to be held in Buffalo in September, and it is the intention of the court to use every effort to secure the next convention for this city. It is expected that most of the western delegations will have instructions to work in harmony with Court Colorado in order that the high court may be induced to come west at its next session.

Denver Police Have Arrested Two Men Who Prey on Passengers of the Trains

The Denver police have arrested two men charged with being pickpockets who they declare [illegible] in Colorado Springs. The men are Louis Woodworth and A. Huff. It is learned that they work the trains between here and Denver, picking out their victims by going through the train. They stay on only long enough to get what they are after and get off at the next station.

It is said that the [illegible] the [illegible] Denver police have [illegible] choice of either leaving this part of the country or going [illegible] The local police [illegible] their headquarters in Colorado City [illegible] they have been [illegible] pockets.

Same Old Faces at Colorado City

The newly elected officers of Colorado City will take the oath of office Tuesday, April 21. Henry Ellithorpe will then become mayor in place of J. G. Faulkner, who has held the office for several terms. Will E. Boles succeeds L. A. Dorlac as city clerk, while George Birdsall was re-elected marshal. C. B. Myles street superintendent and J. P. Bates police magistrate. F. W. Dustin was elected city attorney and will succeed John McCoach in that office.

None of the present board of aldermen was re-elected. The old board which will go out of office April 21 consists of George Hill, John Nelwinter, B. O'Bryan, C. E. Compton, J. A. Slutter and Ed Strott. The new board, which will hold for the coming term will consist of F. H. Ridenour, D. C. Burton, A. J. Radebaugh, C. H. Watson, Z. J. Gervais and William H. Sahnel.

"In view of the fact that the Independent ticket won the election on the record made during the term of office of several of the successful candidates this year, it is not thought there will be many changes in the appointive offices.

"Black Horse and His Rider" Again Wins Declamation Prize

The annual declamation contest for the Edward P. Wright medal was won last night by Martin Musser Clarke. Mr. Clarke's declamation was "The Black Horse and His Rider." The High school auditorium was well filled and a large audience heard eight young men of the Adelphi society contest for the honors and the prizes annually offered by Mr. Wright. As is usually the case the contest was very close and the judges had considerable difficulty in selecting the winner, but finally unanimously agreed upon Mr. Clarke. Nelson Myers took second prize, a volume of Milton's works also given by Mr. Wright. Mr. Myers delivered "The Doom of Claudius and Cynthia." Mark Mohler delivering "The Alternative" was given honorable mention. Rev. L. H. Brown of the First Christian church, Professor Ritchie of Colorado college and Karl Schuyler officiated as judges. The speaking was interspersed with musical numbers by Miss Mabel St. John, Prof. F. I. Walker and the Misses Slaughter, Tupper and Lang. The medal given as first prize is of handsome design and bears the inscription "Communia Propria Dicere" on one side and "Adelphi Declamation 1903. Given by E. P. Wright" on the other side. Mr. Clarke and John Booth, who won the medal last year, will enter the state interscholastic contest to be held May 21.

War Veterans to Celebrate

A large and enthusiastic meeting of the Veterans of the Philippines and Eighth army corps was held last night at the store of J. P. Keating on South Tejon street. The occasion was the regular monthly meeting of the society. The matter of observing Decoration day was thoroughly discussed and a committee of three was appointed to make the necessary arrangements. The committee consists of W. H. Stanton, Buck Adams and Ross Walter. Considerable other business was discussed and acted upon, after which a social session and smoker were enjoyed until after midnight. The next meeting of the society will be held at the office of the Mining News in the Bank building on Monday, May 11, commencing at 8 o'clock in the evening. Every veteran of the Eighth army corps is cordially invited to be present.

IN THE WILSON CLAIM

Lessees Operating in the Murphy Shaft of the Free Coinage Company Have Opened Up Small Sized Bonanza--- Good Showing on Lafayette Claim of Cripple Creek Mining Co.

Special to the Gazette.

Cripple Creek, April 10.—Wilhelm and others, operating in the Murphy shaft on the Wilson claim of the Free Coinage company, have opened up a small sized bonanza. The lessees running a crosscut at a depth of 70 feet only went a short distance when they encountered a vein two feet in width, from which they are receiving assays that run from $100 to $1,000 to the ton in gold. As soon as the find was made, the lessees commenced saving every pound of the rock, and it is believed by Monday of next week a good-sized shipment will be sent out.

Dorcas Tunnel.

The Dorcas G. M. & M. company, operating in the Gillett section, has now reached a distance of over 1,000 feet in its tunnel. The company encountered hard granite a few feet from the surface, and they have continued in this kind of rock up to the present time. They are now about 300 feet from the known contact, from which, when this is reached, they expect great things, as several years ago a shaft was started on this contact from surface, and by the time it had reached 100 feet in depth values were very encouraging, but hardly enough to pay at that time for shipping. The company now believes that when it strikes the contact a good ore body will be run into, from which shipments can be made, as for the last 15 or 20 feet of driving assays have increased considerably in their work.

Lease on Waterloo Claim.

Relton and others have secured a lease on the Waterloo claim of the Amalgamated company, located on Bull hill, and will shortly commence to thoroughly prospect the ground. When this is done, development will be commenced and it would not be a surprise to mining men if this fractional claim should make a good producer, as it is in the right section to look for good ore.

On Lafayette Claim.

The Cripple Creek Mining company, which is operating a lease on the Lafayette claim on Bull hill, is now receiving magnificent returns for their labor that has been done on this ground. A winze sunk 350 feet from the 950-foot level is in ore all the way, and a very good grade. This only goes to show whether deep mining in the district pays.

Compromise Shipment.

Charles Perkins, leasing on the Compromise fraction of the Zenobia company, will ship 30 tons of $50 ore tomorrow. Also 15 tons of rock that will run in the neighborhood of $130 to the ton. This ore is being mined from practically a shallow shaft, and by present appearances it looks very much like a fortune is in the property for each of the lessees.

COLORADO CITY MEN IN LAKE GEORGE DISTRICT

G. W. Ott of Colorado City, has been authorized to act as agent for the Maverick Mining & Milling company of that place. The company was recently organized under the laws of Wyoming with a capital stock of $150,000 and operations are to be carried on in El Paso and Park counties. The directors of the company are J. A. Slutter, George W. Ott, C. D. Taylor, Leo Noel, C. A. Jamison, J. H. Rodenbaugh, J. H. Bierley, J. L. Payne and William Dewey. Mr. Ott is secretary of the company.

The property operated by the company is in the country known as the Lake George district or Tarryall section, where there has been considerable work done in the past year and where there is increased interest. Colorado Springs and Colorado City people were the first to go into the district and the showing is said to be first class for the amount of work done.

COLORADO SPRINGS MINING STOCK EXCHANGE

The mining stock market showed considerable weakness yesterday, nearly every one of the leading stocks declining materially from the top of the past two days.

Doctor-Jack Pot was one of the first to decline. With light sales the stock dropped to 8½, making a new low record in the history of the stock. Elkton opened at 37, but the next sale was at 36½, while El Paso dropped from 59 to 58½, losing a half cent also. Isabella sold at the opening at 16½ and was the heaviest trader on the list, the closing sales being made at 15¾. Portland also dropped to $1.33, with a single sale.

In the prospect department there was not such a pressure to sell and the list was in the main fairly strong. American Consolidated sold at unchanged prices, 2⅝, and C. C. and M. held well at 2¾, with Gold Sovereign strong at 3. Mary Cashen also held its high price and Old Gold sold again at the top notch for the past month, 4½. Sunset-Eclipse was about the only stock on the entire list that showed an advance and this stock sold from 2¼ up to 2½.

In the miscellaneous department 20,000 shares of Spar was traded in at $5 per 1,000 shares, and Red Spruce sold at $6 per 1,000, 5,000 shares being sold.

STRIKE IN LITTLE MATTIE

Another strike of considerable importance has been made in the Little Mattie property at Idaho Springs, in which Judge Gunnell, J. K. Brunner of this city and Dr. J. M. Shaller of Denver are interested. The find was made in the 2,500-foot tunnel in the Decatur claim. The lessees found a small streak of ore in the floor of the tunnel and sunk a winze to a depth of 30 feet at which point the thin streak widened to nearly 12 inches. In the sinking of the winze 12 sacks of ore was saved and sent to the smelter and returns were received at the rate of $160 to the ton. The lessees propose to sink the winze to a depth of 80 feet and then to drift on the vein. It is expected that there will be a sufficient quantity of ore saved in the process of sinking to more than pay the expense. The depth attained from the surface is about 400 feet and the tunnel in which the find was made runs through several important claims belonging to this company and adjoining properties and it is expected that a considerable amount of work will be done through the working in the future.

LOCAL CAPITAL IN MEXICO

Local capitalists have secured the La Cabriza property in the state of Sonora, Mexico, and have organized a company known as the Golfo del Oro company. A. E. Vest is president; Dr. B. B. Grover, secretary and treasurer, and J. K. Brunner and M. S. Herring are directors. The company is now getting out a shipment of ore from one of the shafts in which work is being prosecuted, which is expected to run in the neighborhood of $75 to the ton, the assays from the vein which is four feet wide, averaging $78 across the entire width. The company will have this shipment taken out by pack train, the property being about 100 miles from a railroad shipping point at the present time. It is expected, however, that a railroad will be built into that country as soon as the development work being done in the vicinity will warrant.

The vein has been opened for a distance of 300 feet by several shafts, ranging from 30 to 80 feet in depth and considerable ore was extracted by the Aztecs who worked the property centuries ago.

Dr. Grover, in a recent trip to the property found crude utensils such as were used by the Aztecs in the sixteenth century. These tools were made of clay and were used especially in the mining industry.

The character of the ore is a free milling quartz, in some instances running exceedingly high in gold. On one of the properties is a lead of gold, silver and lead ore besides some copper which will be worked later. The intention of the company is to erect a mill right at the mine as the Yaqui river runs within 400 feet of the property and the mill would be at such a relative position to the mine that the expense of placing the ore in the mill would be no more than the cost of bringing it to the surface. The vein outcrops about 250 feet above the river and the old workings follow the vein from the surface.

Dr. Grover and associates are also interested in a placer proposition within one-half mile of the property of the Gold Coin Prospecting & Development company in which Col. Lew Ginger and associates are interested. A smelter is also to be erected within a short distance of this point and it is expected that the ore which will be found on the placer properties will be of sufficient value to ship.

SHOWING ON THE MAGGIE CLAIM

The lessees on the Maggie claim on Bull hill, belonging to a company of the same name, have installed a washing machine, similar to those that are in use in several properties. It is understood that there is ore in sight from which a shipment will be made in the next few days, although the assays show values of only about one ounce in gold to the ton. The lessees are working in a drift from the 150-foot point in the shaft.

VINDICATOR DECLARES QUARTERLY DIVIDEND

The directors of the Vindicator Gold Mining company have declared the regular quarterly dividend of three cents per share, amounting to $33,000, and an extra dividend of two cents per share making a total distribution of $55,000. The dividend is payable April 25 to stockholders of record April 20. The total amount distributed by the company, when this dividend is paid will total $1,077,000.

The production of the property is running from 50 to 60 tons of ore per day, a large portion of which is smelting grade. Another important feature of the condition of the property is the statement that the water flow is constantly decreasing.

PUSHING DEVELOPMENT ON THE THERESA

It is announced that work will soon start on the Theresa property on Bull hill by Lessee Hill and associates. Preliminary work is already being done in the way of making preparations for active mining operations. It is the intention of the operators to do considerable development work from the shaft, which is down 500 feet, and it is also likely that mining operations will be carried on in other portions of the property. The ore which is already opened up is principally low grade which could not be treated at a profit when work was in progress.

MARY McKINNEY PAYS DIVIDEND

The regular quarterly dividend of the Mary McKinney Mining company was paid yesterday. The dividend amounts to $30,000. The books will open ... The company is making heavier shipments than formerly, although the grade of ore is understood to be slightly lower than the average of a year or so ago.

Parasites Cause All Hair Trouble.

Nine-tenths of the diseases of the scalp and hair are caused by parasite germs. The importance of this discovery by Professor Unna of the Charity hospital, Hamburg, Germany, can not be overestimated. It explains why ordinary hair preparations, even of the most expensive character, fail to cure dandruff, because they do not, or they cannot kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into scale, called scurf or dandruff, is Newbro's Herpicide. In addition to its destroying the dandruff germ Herpicide is also a delightful hair dressing, making the hair glossy and soft as silk.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

EASTERN MARKETS

BRADSTREET'S REVIEW.

By Associated Press.

New York, April 10.—Bradstreet's tomorrow will say:

Favorable features this week are the annual rush of Easter buying at retail which is reported of excellent volume, some improvement in the reasserting demand with jobbers at interior markets resulting therefrom, and a slight but slim, imperceptible improvement in the labor situation growing out of mutual concessions. Prices during the month of March showed exceptional strength, despite season downward prices in dairy products, grain and fuel partly counteracted, however, by advances in live stock and meats. Lumber and building materials of all kinds have remained in exceptionally good demand in spite of numerous strikes and finished product in iron and steel show strength, but the cruder forms such as pig iron have weakened perceptibly, ostensibly because of the lowering of quotations of southern iron, but really because with improved transportation and better supplies of coke has come enlargement of the iron products to the highest point.

It is, of course, too early to measure the development of fall trade. Some interior markets report good orders but large eastern centers note a holding back of buyers of cotton yarns, and the demand for heavyweight woolens is reported to have been checked by higher prices. Raw wool has again weakened, though the position is very strong. Railroad earnings are quite favorable, gross receipts for March indicating an increase of between 10 and 11 per cent, while net returns for February show a gain of 6 per cent on an increase in gross receipts of 14 per cent. Relatively the best trade reports come from the western markets but all centers report a satisfactory spring trade.

Railway manufactories are full of orders, an indication of this being reports of American and Canadian roads inquiring for steel rails abroad. Structural orders are in large volume, a notable instance of this being requirements for improvements to plants controlled by the leading interest. The strength of old material is a notable feature in the iron trade at present. Among the other metals copper and tin have weakened again, but lead retains its old firmness. The leather situation is generally one of strength. The spring rush is over at the eastern points, shipments being smaller than last but heavier in excess of a year ago. The situation in coffee is an interesting one. After a decline early in the week which brought future deliveries to the lowest prices ever recorded, and in which decline an extensive liquidation on account of bullish interest was reported a slight improvement was noted due to reports that Brazil was adopting measures such as burning surplus supplies of low grades in order to lighten the load on the market. This is regarded, however as hardly promising fulfillment. After a further decline due to dullness in the refined market and pressure of supplies raw sugar has steadied at what is said by authorities to be the bottom.

Wheat, including flour, exports for the week ending April 9 aggregated 2,633,185 bushels, against 3,130,974 last week, 3,842,012 bushels in this week a year ago, and 6,465,601 bushels in 1901.

Wheat exports since July 1, aggregate 178,212,774 bushels, against 202,887,636 bushels last season, and 182,071,992 in 1902; corn exports aggregated 2,664,732 bushels against 2,932,068 bushels last week, 158,565 bushels a year ago, 158,565 bushels a year ago and 2,623,884 bushels in 1901.

For the fiscal year exports are 49,902,248 bushels against 24,623,092 bushels last season, and 1??,875,488 bushels in 1901.

Business failures in the United States for the week ending with April 9 number 153 against 145 last week, 182 in the like week of 1902.

R. G. & CO.'S REVIEW.

By Associated Press.

New York, April 10.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Aside from the prevalence of strikes and possibility of further interruption to industrial activity next month on this account, the business outlook is most gratifying. Late frosts caused some damage early in the week, but lower temperatures did not continue and in most sections agricultural products had not advanced sufficiently to suffer materially while the prospects are bright for large crops and heavy sales of fertilizers testify to extensive operations. Despite some unfavorable weather, eastern retail trade has been heavy and jobbing activity in summer fabrics indicates expectation of a vigorous consumption as the season advances. There is less complaint regarding deliveries due to better traffic facilities. Railway earnings in March increased 13.8 per cent, compared with last year and 24.1 per cent compared with 1901. Undue significance has been attached to the recent reduction in prices of southern pig iron and throughout the country a tendency to delay placing contracts is noticed. No other cut in quotations has followed and in the trade it is believed that after the temporary uneasiness there will be a resumption of the buying on the former liberal scale. Finished steel is eagerly sought and there is increased activity in outdoor work. Makers of merchant pipes, tools, agricultural implements and all kinds of machinery have more business than can be handled promptly. The pig iron output has bounded upward with the better movement of fuel and in a short time production will be at the rate of 20,000,000 tons annually. Staple products are irregular as the season advances and speculation has again become a prominent factor.

Failures this week numbered 197 in the United States against 198 last year and 15 in Canada compared with 19 a year ago.

BANK CLEARINGS.

New York, April 10.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ended April 9, with the percentage of increase and decrease as compared with the corresponding week last year:

NEW YORK HOTEL GUESTS FRIGHTENED BY SMOKE

New York, April 10.—Three hundred guests of the Victoria hotel were routed from bed today by smoke from a nearby fire, and all the other occupants of the buildings in the block bounded by Twenty-sixth and Twenty-seventh streets, Broadway and Fifth avenue, were frightened. In an apartment house at Twenty-sixth street and Fifth avenue there was great excitement, partly due to another fire there recently, and the tenants rushed to the elevators. In the Victoria hotel annex were many actors and actresses who crowded out on the fire escapes until assured there was no danger and in other buildings women were carried down through smoke to safety. The fire was in a building on Fifth avenue, between Twenty-sixth and Twenty-seventh streets, used as a storage warehouse for paintings and antiques, and the damages estimated at $100,000.

One of the smoke-routed tenants in the apartment building was Captain E. T. Zalinski, inventor of the dynamite gun. He is a cripple, and in spite of his objections in order to save valuable papers, a fireman picked him up and carried him to the street. On the top floor of the apartment house the police found a woman and her daughter chasing two prize Angora cats, each woman holding a basket for carrying the pets. On account of the smoke they were warned to get out and leave the cats, but they refused and a policeman had to catch the animals and see them and their owners safely to the street.

In the Victoria, Chas. A. Towne, ex-senator from Minnesota; Tony Pastor and Pete Dailey, the comedian, and his wife were among those forced to seek safety.

[illegible]

No Proof Whether Pennell Tragedy Was Accident or Suicide---Pennell's Complete Statement Relative to the Burdick Divorce Case and Murder.

By Associated Press.

Buffalo, April 10.—The evidence given today before Justice Murphy, at the inquest into the death of Arthur R. Pennell and Mrs. Pennell will not lead to a solution of the Burdick murder case. Whether the tragedy at the Gehels stone quarry on March 10 in which Pennell was killed and Mrs. Pennell was fatally injured was due to an accident or design was not proven.

Thomas Penny, who has acted as attorney for the Pennell family since Arthur Pennell's death declared that so far as he was aware nothing in the papers left by Mr. Pennell would throw any light upon the murder of Edwin Burdick. When questioned regarding the alleged defalcation of Pennell, Mr. Penny declined to answer. J. Frederick Pennell, brother of the dead lawyer and administrator of the estate who has possession of most of the papers was out of the city and Mr. Penny informed the court that he did not know where he was or when he would return to Buffalo.

"Evidence that would show deviation would simply be cumulative," said Justice Murphy after the evidence was all in. "No stronger motive could be proven than has already been brought out here, but proving a motive does not establish suicide. The court is prepared to announce its findings."

Judge Murphy then delivered his verdict as follows:

"I find and certify: That Arthur R. Pennell came to his death on the tenth day of March, 1903, as a result of injuries received while riding in an automobile, the said automobile plunging from an embankment into the Gehels stone quarry.

"That I cannot determine from the evidence submitted whether such plunge was accidental or designed.

"That Carrie Lamb Pennell came to her death as a result of the said plunge of the automobile into the quarry."

W. C. Ompbillin, Pennell's stenographer produced a typewritten copy of the first draft of a statement prepared for publication by Pennell before his death. The statement in full follows:

"To the Public: Now that the flood of sensationalism and yellow journalism has lessened and that public excitement has died down to a calmer consideration of the facts and events leading up to a terrible tragedy which has recently taken place in this city, I wish, in behalf of myself, but especially more in behalf of others whose sufferings are even greater than mine to make this statement:

"Owing to the fact that my name was so unfortunately at this time connected with the pending divorce proceedings, I was forced into great publicity in connection with the tragedy itself. So far as any possible connection with that crime was concerned, I am satisfied, I think, the district attorney and his assistants thoroughly understand that I had nothing to do with it, and since that time neither my house nor myself been under suspicion or surveillance.

"After being out for a short time in the early part of that evening, I spent the rest of it at home as was shown by the evidence of my wife and the servant girl in our house. I think I was so acquitted both by the public and the authorities without any connection with the crime.

"It now becomes incumbent upon me to make some statement relative to my connection with the divorce proceedings. In this statement I wish to say as little as possible upon the dead. But it must be remembered that those who are living have their lives to live and the rights of the living are greater than the rights of the dead. There was no truth in the charges brought by the plaintiff in that proceeding against the defendant and myself. The charges were absolutely denied under oath and the counter charges had been made and in a short time the case would have been quietly tried before a referee and settled.

"The relations existing between the plaintiff and the defendant had been strained for some time. Twice he had unjustly attempted to make her leave her home. My wife and myself had taken her side in the controversy that arose between them and she had consulted me for legal advice and protection. During this time the man himself was in intimate relations with a woman whom he desired to marry. For that purpose it was necessary to be free from his wife. He discovered the fact that his wife knew of these relations by gaining access to safe deposit vaults where she kept her papers, through forging a written order over her black signature and purloining the contents.

"Being thus apprised of the charges against him, he determined to anticipate her action by bringing an action himself in order that he might have the appearance of being the injured party ... of the vindictiveness ... and ... as much as possible ... defendant in the action ... properly denied ... [illegible] ... at midnight. Nothing more ... could have ... voiced as the entire matter ... became public and if the truth could have appeared the harm would not have been so great, but that and yellow journalism are at hand to make ... a mass of lies, fiction and insinuation ... publication which had no possible basis in fact, but for the sake of those ... concerned.

"First. In reference to the office which I was alleged to have maintained ... Square. That office was ... furnished by me ... with another man whose name can be given to enable him to do a collection business. Shortly after that arrangement ... received an offer of a salaried position ... another place which he ... accept. I arranged therefore ... and no business was ever done in the office nor was it ever used as a meeting place in any manner ... so falsely and unjustly indicated.

"Secondly. In reference to the alleged statements of a New York detective agency whose main business seem to have been to give their client ... to the public, I desire to say that, without knowing what arrangements were made with them by any person, any statement on the part of such agency tending to reflect in any way upon either my client or any other person involved, are absolutely false and have no basis in fact. They are made up of ... and ... statements of ... whose ... have become of ... doubtful ... even in the court as I now ... that the presumption is against them ... ability.

"Thirdly. During the pendency of the divorce action it became necessary for me to consult with the defendant in reference to the course to pursue. For this reason it was necessary that a meeting should take place here, in New York or in Atlantic City, but ... be absolutely proven, these meetings were in such places and under such circumstances as to absolutely negative any other [illegible]

THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanently to universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system, he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only; the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co., printed on the front of every package.

Universally Accepted as The Best Family Laxative

The Marriage Question.

"... but for love, but see that thy ... is ..."—Wm. Penn.

[illegible] ... we have heard a good deal about the marriage question, from men ... of letters and ... addressing colleges ... dents. The professor who announced that ... and ... race die out with the sound of the wedding-bells," was the first to set the ball rolling. It would seem a brave woman who marries with this echo in her ears yet we have not heard that there are fewer marriages during the year. Although many people marry ... it ... reasoning about it, and do not ... the word your race, they feel it ... act it all their lives and are con... ... are unhappy married lives, but a ... percentage of these unhappy ... are due to the illness of the wife, ... or daughter. The more civilized ... a race becomes, doing with ... and less physical exercise in the ... air, and with the wearing of ... and other modish customs, the ... likely are the women to suffer from ... ills. Every woman should ... right living is—for perfect ... a fair complexion she should ... take a vegetable laxative ... as Dr. Pierce's Pleasant Pellets.

If you want to know what ails you the United States mail will bring you the best medical advice for only the cost of writing materials and stamps.

Many people owe their present good health to the fact that they consulted Dr. Pierce by letter, giving him all possible information about their condition, symptoms, etc., and received in return good medical advice *which cost them nothing*. This is why we advise you to write to Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

Dr. Pierce by no means confines himself to prescribing his well-known medicines. He tells you in the most common-sense way what ails you, what you ought to do, what line of treatment should be followed out in your particular case, and if your case does not indicate the need for his proprietary medicine, he tells you plainly and frankly *what you do need*, and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good medical advice of a confidential nature. If you're a mother of children, you may want advice about yourself and how ... to put your system in order that your children may be healthy. To women ... from chronic diseases which do not ... yield to treatment, or to ... who are past the youthful stage of life and want confidential advice about their ailments or their physical ..., Dr. Pierce offers to carefully ... your case and give you the best ... advice within his power, free of ... to you.

Dr. Pierce, during a long period of practice, found a prescription made up ... of roots and herbs, without the use of alcohol, which was positive in its ... After using this remedy for many years in his private practice he put it up in a form that would make it ... procurable, and it can be had at any ... medicines are handled.

$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of ... able and uniform cures, a record ... as no other remedy for the ... peculiar to ... ever attained, the proprietors ... of Dr Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I suffered for almost two years," writes Mrs. H. F. Smith, of Larwill, Ind., "with an annoying female trouble, nervous prostration, and a complication of other diseases, for which I was treated by good physicians, and they failed. I then wrote to Dr. R. V. Pierce, and found that he understood such cases. He advised me to take his 'Favorite Prescription,' 'Golden Medical Discovery,' and 'Lotion Tablets.' After six months' use of these remedies I feel like a new person. I am strong and well and can do my housework, which I did not do before for over two years. I am very grateful to Dr. Pierce for his advice and prompt and respectful attention, and would advise every suffering woman to apply to him and be cured."

"I will write and let you know that I have now the best health I have had in twenty years, and that is saying a great deal," writes Mrs. Julia Felter, of 212 Tully St., Syracuse, N. Y. "I am thankful to you for your advice and medicines. At the time I first wrote to you was on my back in bed. Since that time I have neither been sick nor taken any medicine. In 1901, I took three bottles of your 'Favorite Prescription' also some of Dr. Pierce's Pleasant Pellets, and used some of your 'Lotion Tablets' and 'Suppositories.' I think there has been time enough now to know whether the cure is permanent. I do not remember to have seen one day in all of twenty years that I could say I was well. Do not think that any one could be more thankful than I am.

"Can walk as long a distance as I wish, and it does not hurt me in the least. When I began to use your remedies I had displacement of womb and had not been able to stand on my feet for three weeks. I can tell you I suffered very much indeed and am thankful that I am now well. Am going to travel now, not for pleasure, but for work."

Doctor Pierce's Favorite Prescription cures headache, backache, nervousness, sleeplessness and other consequences of womanly disease. "Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

KNOW THYSELF

Your most important knowledge is knowledge of yourself. You should read The People's Common Sense Medical Adviser, by R. V. Pierce, M. D. Send 21 cents in one-cent stamps for this 1008 page book in paper covers or 31 cents for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

CHARGES MADE AGAINST U. S. OFFICERS AT HAVANA

By Associated Press.

Toledo, Ohio, April 10.—Congressman J. H. Southard of this city has started an investigation which may bring to light a scandal among United States officers at Havana. The charge is that exorbitant charges are being made for the disinterment and shipment of the bodies of dead soldiers from Cuba when it should be done free of cost, according to Mr. Southard.

Homer Pugh, who enlisted in the navy last August, died at Havana April 2. His mother here was notified on April 1. Two days later she received a cablegram stating that the body would be exhumed, embalmed and shipped to New York for $22. The mother brought the matter to the attention of Congressman Southard who has started an investigation.

TO CONTEST ELECTION OF CRIPPLE CREEK ALDERMEN

Special to the Gazette.

Cripple Creek, April 10.—At the city clerk's office this morning the official canvass was begun by Mayor Crane and City Clerk Wayand. The candidates were represented by Charles H. Berry, C. C. Butler, Henry Clark and J. Knox Burton and everything was counted at 4 o'clock, with the exception of precinct No. 17. On this precinct a protest was filed by Judges C. S. Fletcher and W. L. Smith and Democratic watcher, Fisher, the affidavits reading as follows: "We, the legally qualified and acting judges of precinct No. 17, acting on the 7th day of April, in our several capacities, find that the returns are wrong, that votes which were legally cast for J. W. Wright and Vernon Pelffer, Democrats for the office of aldermen, were, through a clerical error and mistake, counted for W. H. Burnard and N. H. Gardner, Republicans, numbering about 15 in all," signed by the above gentlemen. This protest was considered by the canvassing board, and it adjourned until 7 o'clock this evening to take the case under advisement.

Tonight the canvassing board met in the city hall and Mayor Crane read the affidavit again and then said:

"As long as the public wants to know how the votes stand, we will give them the total vote with the exception of the aldermen named in the contest." After a count was made it was found the election of candidates with the exception of those under protest will stand as published in these columns before. The board then adjourned until 4 o'clock tomorrow afternoon, when they will discuss the aldermanic trouble.

GAMBLERS OF DENVER TO SEEK NEW PASTURES

Authorities Have Issued Long-Expected Orders That the Games Must Cease and the Emergency Clause Was Introduced.

Special to the Gazette.

Denver, April 10.—The inevitable has occurred. Denver has been seized with an unparalleled spasm of virtue and is fast changing from its wicked and demoralizing ways until by Easter Sunday it will be as purged of vice as Spotless Town.

Old-time gamblers, the ones with a pull, and those without, put up their shutters today and closed shop. Patrons were hustled into the street in short order when word was received from police headquarters that all games of chance would be given 15 minutes in which to close, or raids would be inaugurated to enforce the law. Shortly before noon the order closing the gambling houses was received at the many clubs where gambling has for so long been carried on unmolested, and straightway tables were covered, curtains drawn, and patrons ushered into the street. The tip had come that no more gambling would be tolerated, the authorities were determined that nothing would do but an immediate closing. Dealers, cappers, con men in fact all sorts of men who prosper on the losses of others, and are so necessary to the gambling combine, have been told that it looked like the forced discontinuation which would keep them out of jobs indefinitely, and some have already left the city for fields more promising. A movement is being threatened to bring the fire and police board before superiors on charges of neglect of duty in not closing the dives sooner but nothing definite as to this has been made public.

Bills Signed

Through all the storm and confusion all over the city Governor Peabody remained quiet and said little. He was sawing wood, spending all his time approving bills. Since last night the governor has signed the following bills: Senate bill No. 72, the probate bill; house bill No. 141, liability of cities and towns for injuries; house bill No. 33, regarding water districts; house bill No. 18, the divorce case procedure; house bill No. 61, defining the duties of foreign life and accident insurance companies; house bill No. 133, to provide for collection of fees in the office of state engineer; house bill No. 221, destruction of prairie dogs; house bill No. 1..., providing for safe keeping, care, maintenance and instruction of girls admitted to the State Industrial School for Girls; house bill No. 1.., discharge of employes between 18 and 60 years; house bill No. 198, salaries of deputy district attorneys; house bill No. 57, payment of salaries of certain officers (county assessors); senate bill No. 61, procedure in criminal cases (supersedeas); senate bill No. 117, concerning roads and public highways; senate bill No. 239, to strike off part of territory of Adams county, adding to Washington county; senate bill No. 220, to strike off part of territory of Adams county, adding to Yuma county; senate bill No. 126, code of procedure in civil action for courts of record; house bill No. 86, to regulate construction and operation of metalliferous mines; senate bill No. 3.., Kansas-Colorado suit, appropriating money to carry on suit over the water rights of the Arkansas river; senate bill No. 296, in regard to insurance companies; house bill No. 196, to prohibit county, city, town or school district officers dealing in warrants; house bill No. 9.., concerning public schools; house bill No. .., relating to obstructions on railroads; house bill 12, relating to the clerk of the supreme court and his assistants.

When seen today Attorney General Miller stated that he would make no recommendations to the governor regarding the appropriation bill until he had examined thoroughly the house and senate journals to see if there was any irregularity in the passage of the general appropriation bill.

[illegible] Without Water [illegible]

Owing to the promiscuous use of water for sprinkling, the Glockner home was without water from 2 o'clock yesterday afternoon until nearly 10 o'clock last night. PAUL RADER [illegible] BY STROKE [illegible]

A report comes from Chicago that D. Paul Rader, who was injured in the Hamline-Carleton football game in St. Paul last fall, had been stricken with total blindness and it is feared that he will never recover his sight. He was seriously ill for a long time as a result of the accident but was on the road to recovery when the blindness came on. He has been in a hospital where his brother is one of the physicians.

Mr. Rader is the son of Rev. D. L. Rader of Denver, formerly pastor of the Asbury M. E. church and a nephew of Rev. Marvin A. Rader, pastor of Grace M. E. church. Young Rader will be remembered by many friends in Colorado Springs for he lived here prior to removing to Denver.

CONGRESSMAN PAYNE AND HIS GUESTS ARE VISITORS IN THE CITY

Attached to the regular morning train over the Short Line yesterday morning was the special car of Mr. and Mrs. Sereno E. Payne of New York who accompanied by a party from this city took the trip to Cripple Creek, returning last evening. The party took the High Line electric road at Cripple Creek and went to Victor and from there boarded the train for Colorado Springs. In the party with Mr. and Mrs. Payne were Mr. and Mrs. F. M. Brooks, Mr. and Mrs. D. B. Fairley, P. B. Stewart, K. R. Babbitt, William Lennox and Mr. and Mrs. John R. Robinson.

Mr. Payne is the chairman of the ways and means committee of the national house of representatives and, together with a party of friends is making a tour of the west. All the party except Mr. and Mrs. Payne went on to Denver yesterday, where they will spend a short time.

Mr. and Mrs. Payne will be driven to Glen Eyrie and the Garden of the Gods, returning by the way of Manitou this morning, and will be accompanied by some of the party who went to Cripple Creek yesterday. They will then go to Denver to join the remainder of the party and from there will go to the Pacific coast.

BENEFIT CONCERT TUESDAY EVENING

Next Tuesday evening a benefit concert will be given at the Y. M. C. A. A number of attractive features have been arranged, among which will be the humorous selections by a ladies quadruple quartet. Those who will participate in the male choruses are Charles Fielder, William Reider, W. H. Rolston, Robert Crosby, Cecil West, C. F. Tyler, Thomas Jones, C. H. Barnes, A. S. Maxwell, Fred Burkhill, A. Libbin, Elmer Strain, George Reider, David Elliott, James Hall, Albert Bishop, Lester Bale, G. B. Merrick and J. W. Gates. The ladies' choruses will be composed of Misses Ollie Thompson, Pearl McMillan, Mildred Strack, Ida Logan, Daisy George, Marian Sherman, Grace Lord, Rita Kloep'er, Clara Cotterell, Emma Weubben, Pearl Beard, Jennie and Elizabeth Hurst, May Tyler, Nina Sears and Mrs. A. H. Atkins.

ARRESTED.—D. Laelsner was arrested yesterday charged with having broken up a $85 mowing machine and sold it as scrap iron. The machine was owned by Adam Dittmore, 181 South Nevada avenue. The junk was sold to Louis Stein on Huerfano street. Dittmore refused to prosecute, however and Laelsner was released.

[illegible] GOOD FRIDAY

The Catholic and Episcopalian churches of the city celebrated Good Friday yesterday in the customary impressive manner. The Grace church services were held yesterday morning at 10 o'clock, and from noon until 3 o'clock the Service of the Passion was observed with remarks on the Seven Words from the Cross. Stainer's Crucifixion was rendered last night by a large choir.

At St. Stephen's church special services were held at 11 o'clock and at 5 o'clock in the afternoon.

Early mass was celebrated at St. Mary's church at 8 o'clock and at 3 o'clock in the afternoon the Stations of the Cross were observed, Father Raber officiating and Father McMenamin assisting. Father Raber preached last night and the Veneration of the Cross was the principal service. A fine musical program was rendered by the choir and the soloists. Holy Saturday will be observed today by mass at 6:30 o'clock and high mass at 8:30.

The Swedish Lutheran and German Lutheran churches observed Good Friday with appropriate exercises.

PROSPECTIVE CHANGES

Secretary A. N. Thompson of the board of education has begun advertising for the annual election of school district No. 11. This election will be held on Monday, May 4 and is for the purpose of filling two vacancies on the board. One member, Judge W. S. Morris has served his term of five years and a successor will be elected. Mrs. W. H. R. Stote, who was elected by the members of the board several months ago upon the resignation of R. C. Thayer to serve the remainder of the year, will be a candidate for election for the remainder of the unexpired term of Mr. Thayer. Mr. Thayer had served nearly four years as a member of the board. It is understood that when Mrs. Stote was elected by the board it was agreed that she should be a candidate at the coming election. It is expected that there will be several candidates.

TEGARDEN SAYS HE WILL GO TO JAIL

The city of Colorado Springs has an implacable opponent in the person of W. H. Tegarden, fined yesterday for the second time for violating the huckster's license law. Tegarden defies the city and declares that he will go to jail and stay there before he will pay the license of $60 demanded by the city.

NEWS GATHERED AT THE COURT HOUSE

The R. V. Wagner company filed suit in the district court yesterday demanding judgment in the sum of $170 on four promissory notes alleged to have been made by Levi D. Philips and Francis Philips on August 1, 1902. The complaint alleges that the notes were executed in payment for a mica plate stamping machine.

Suit was filed in the district court yesterday by the Isaac Cohn Lumber company against the Colorado Land and Improvement company, C. R. Springer, Harry Levin and Albert Cameron, asking judgment in the sum of $111.08 for materials furnished in the construction of a house in Calverts-holds. The Colorado Land and Improvement company is made a party to the suit for the reason that, as the petition states they claim to have a prior lien on the premises.

The plaintiff declares however that the lien is secondary and asks the court to so declare.

A suit was filed in the district court yesterday by R. L. Cone against the Curran Bill Posting and Distributing company. The plaintiff alleges that the defendant company has maintained bill boards across her property since June 1, 1898 and has not during all that time paid anything for its use. She demands judgment in the sum of $300, which the petition alleges is a reasonable amount for the rental of the premises.

Change of Life

A Danger Period Through Which Every Woman Must Pass.

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. At this period a woman indicates a tendency towards obesity or tumorous growth.

Those dreadful hot flashes, sending the blood surging to the head until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop forever, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. **Lydia E. Pinkham's Vegetable Compound** was prepared to meet the needs of woman's system at this trying period of her life, and all women who use it pass through this trying period with comfort and safety.

TWO COLUMNS OF PROOF.

DEAR MRS PINKHAM: — I was sick and nothing seemed to do me any good until I began taking Mrs. Pinkham's medicine.

It was Change of Life with me and falling of the ... That caused pains all through my ... I had a terrible cough and people thought I had consumption.

"I took six bottles of **Lydia E. Pinkham's Vegetable Compound** and two of Blood Purifier and two boxes Liver Pills and I am now stouter than I have been for a long time. I can do all my work now, thanks to **Lydia E. Pinkham's Vegetable Compound.**

"If any one wishes to verify these statements I will gladly answer their letters."

MRS. CLARA CRAZER, Jewett, Ill.

"DEAR MRS. PINKHAM: — For seven years I had been suffering, was passing through the Change of Life and my womb had fallen, menses were so profuse that at times I was obliged to lie on my back for six weeks at a time, could not raise my head from pillow. I had been treated by several physicians but got no relief.

"I was advised by friends to try **Lydia E. Pinkham's Vegetable Compound,** which I did and after taking it six weeks I was able to be around all the time and do my housework. I know your medicine saved my life and I cannot praise it enough."

MRS. LIZZIE HOLT, ... Mills, ...

DEAR MRS. PINKHAM: — I have ... work ... Change of Life ... went through ... about ... spent two hundred dollars ... got the relief I expected.

"At that time I saw **Lydia E. Pinkham's Vegetable Compound** advertised ... found it to be just what I needed.

I wish every woman suffering from female troubles would try it. I recommend it to all my friends."

MRS. WM. ... Millbank, S. D.

DEAR MRS. PINKHAM: — I feel it my duty to ... women ... wonderful ... I have found in using **Lydia E. Pinkham's Vegetable Compound** and Liver Pills.

Passing through the Change of Life one of the physicians consulted said nothing but an operation would save me. ... MRS. ... Dean ...

COMMISSION RATES

ESTABLISHED BY THE

Colorado Springs Real Estate Exchange.

COMMISSIONS IN SALES OF REAL ESTATE—On town property, 5 per cent, on the first $2,500 and 2½ per cent, on the excess, on ranches not less than 5 per cent of the full amount. No sale, however small, for less than $10.

COMMISSION ON EXCHANGES—On exchanges of property, each owner shall pay commission as above, based upon the valuation put upon his property in the exchange.

COMMISSION ON LOANS—City loans, 2 per cent on $5,000 or less, 1 per cent on any excess of $5,000, no loan, however small, for less than $10.

COMMISSION ON RENTALS, ETC.—2 per cent on your rental. No lease made for less than $5.

Where the agent negotiating a lease collects the rent during the life thereof, a charge of 10 per cent. of the first month's rent (with no fee less than $2.00) shall be made for making the lease, and 5 per cent. of each subsequent collection (with no fee less than $1.00) for collecting rents and care of the property thereafter. But no compensation to the agent making any lease, shall be less than 2 per cent. of the full consideration of the first year of its period or fraction thereof, and an additional 1 per cent for each subsequent year but if the lease be for six months or less, the compensation shall be not less than 5 per cent for the entire period. In case the monthly collections for any one principal shall exceed $500, the rate of commission on the excess shall be 3 per cent.

For procuring tenant on monthly tenancy ten (10) per cent of first month's rent. In no case shall the charge be less than two ($2.00) dollars.

FOR CONVEYANCING—For drawing deeds and legal papers $1.00 each.

A[illegible] W[illegible]

In order to comply with the requirements of the Whinnery bill, placing the state guard on the basis of the United States army as provided by the national law Major Sharpe adjutant general of the department of Colorado, has issued an order for the inspection of the Colorado militia. In the inspections the officials will ascertain the strength of each troop or company the supply of blankets rifles, cartridges ammunition the target practice, practice marches and other information required.

The dates for the inspection will be made out by [illegible] Baldwin the new commanding general of the department, who will [illegible] officers for the work.

In Colorado Springs there are two companies [illegible] and [illegible] medical corps. It is expected that some of the inspections will [illegible] this city although Colonel [illegible] that he had [illegible] notice of any appointment. The Girls Monday club an organization of young school girls will conduct a fair today at the Ferris school for the purpose of raising funds to furnish a room in the new Y M C A building. They have been busily preparing for weeks, under the direction of Mrs Thomas C Parrish with the assistance of the patronesses, the Misses Solly, Lucy Hayes, Hemenway, Gwladys Crosby, Eyre, Adams Young. In addition to the tea and home made candy prepared and which will be served by the young girls and their friends there will be various articles of fancy work and works of art on sale. General Palmer has donated flowers and James F Burns the ice cream. The object is a worthy one and the efforts of these young girls in its behalf should be rewarded by a large attendance. The hours will be from 2 30 to 6 o'clock this afternoon.

W[illegible]

The new wage schedule at the Portland mill has been agreed upon by the management and Colorado City Mill & Smelter Men's union No 125, Western Federation of Miners. As already announced, the minimum wage for inside work is $2 25 with $2 for outside work. Following is the agreement entered into, in full.

Scale of wages in force at the Portland mill, April, 1903, and accepted as satisfactory by the Mill and Smeltermen's union No 125 Western Federation of Miners.

The following rates are for eight hours work

OUTSIDE OF MILL	Per day
General labor	$2 00
Laborers in shops	2 00
IN MILL	
Oilers	$2 50
Ore unloaders	2 50
Crusher feeders	2 50
Sample roll men	2 50
Sample cutters	2 50
Trammers from hoppers	2 25
Ore bedders	2 25
Bedding floor wheelers	2 40
Roll men	2 40
Roll helpers	2 25
Screen and dust men	2 50
Head roaster men	3 00
Helpers on roasters	2 25
Barrel house foremen	3 00
Other men employed continuously about chlorination barrels	2 50
Precipitators	3 00
Precipitator helpers	2 50
Head concentrator men	3 00
Helpers on concentrators	2 25
Head machine repairer	3 00
Blacksmith	3 50
Blacksmith helper	2 25
Machinists	3 25
Sheet iron workers	3 00
Pump men	2 50
Boiler firemen	2 80
Carpenters	3 50

Helpers in shops are paid a minimum of $2.00 per day and upwards, according to their ability as estimated by the master mechanic.

It is expressly understood that men are hired without discrimination as to their membership in any union and are kept in the employ of the company strictly upon their merits as workmen.

It is also a rule of the company that no agitation, of any kind, is permitted on the grounds, and that men who make themselves in any way disagreeable to either non-union or union men by arguing or discussing matters not connected with the company's work shall be discharged.

It is agreed by the Mill and Smeltermen's union No 125 (W. F. M.) that this scale of wages shall be adhered to for one year beginning April 1, 1903, and that during this period no attempt will be made by said union to raise the scale.

JAMES F BURNS,
President The Portland G. M. Co

We, the undersigned, members of one certain executive committee duly appointed by the Mill and Smeltermen's union No. [illegible] Western Federation of Miners, to confer with the Portland Gold Mining company in regard to [illegible] of wages at the chlorination mill [illegible] accept the attached [illegible] scale adopted [illegible] Mill and Smeltermen's [illegible].

SECRETARY WRAY TO RETURN MONDAY

A letter received yesterday from Henry Russell Wray secretary of the chamber of commerce states that he will not return home until Monday having been delayed by various business matters connected with the object of his journey to the Pacific coast. Mr Wray will render a full report of his journey and will have some new ideas to present for the consideration of the chamber of commerce relative to the advertising of the region. Mr Wray has been investigating the methods in use by the California resorts in advertising their attractions to the world and will put the new ideas into practice at once so far as they are applicable to this section and can be carried out with the funds in hand.

A Guaranteed Cure for Piles

Itching Blind Bleeding and Protruding Piles. No cure no pay. All druggists are authorized by the manufacturers of Pazo Ointment to refund the money where it fails to cure any case of piles no matter of how long standing. Cures ordinary cases in six days, the worst cases in 14 days. One application gives ease and rest. Relieves itching instantly. This is a new discovery and it is the only pile remedy sold on a positive guarantee, no cure, no pay. Price 50c

BEST SERVICE TO DENVER AND PUEBLO is via the popular Colorado & Southern Railway.

NORTH END UNION—The North End W. C. T. U. will meet this afternoon at the home of Dr. Josephine Peavey, 724 North Tejon street. The meeting will be held at 2:30 instead of 3:30 o'clock. Dr. Peavey will read a paper.

"DIVINA COMMEDIA"—Miss Flansburg will repeat, by request, her lecture on Dante's "Divina Commedia," at the First Methodist church Thursday evening, April 16. The proceeds will be for the benefit of section No. 3 of the L. A. S.

JOINT MEETING—The Women of Woodcraft, No. 243 and the Woodmen camp, No. 485, held a joint meeting last night in Woodmen hall. After the business of the evening was transacted a social hour was spent with cards and dancing.

JUNIOR WORKERS—A meeting of the Junior Workers of the City Christian Endeavor union was held last night. A large number of the members were present. The topic for discussion was "The Mother's Connection With the Junior Society."

DEPARTMENT MEETING—The officers of the home and education department of the Woman's club will be elected at the meeting to be held this afternoon at the Y. M. C. A. Miss Bertha Wiley will read a paper on "Literature for Children."

EASTER LILIES, HYDRANGEAS, LILACS—Carnations a specialty, at our down-town store, 10½ Pike's Peak ave. Our Easter display will please you. If you are not down town, visit our uptown store and greenhouses, 519 East Columbia street. Phone 509. The Colorado Springs Floral Co.

An Epidemic of the Grip.

"There has been a great epidemic of the grip in this vicinity for the past two months," says W. D. Wilcox of Logan, N. Y. "All of my customers that I could induce to try Chamberlain's Cough Remedy were cured without the aid of a doctor; only two employed a doctor and they did not use this remedy. They could have saved money by using it." Money is not all that this remedy saves. It saves health and sometimes life. Every cold or attack of the grip weakens the system, lowers the vitality and paves the way for more serious diseases. Make a friend of this remedy and it will save you health and wealth. For sale by all druggists.

GIDDINGS BROS.

Easter Novelties of All Kinds at the Notion Department.

EASTER SALE

Judging from our week's business, it would be safe to say that most every woman in the vicinity is preparing to adorn the beautiful Easter in a way that never before has been attempted. Many fastidious customers have left this store during the week, well satisfied that their Easter attire was in every way correct. And you may feel assured, if it comes from Giddings Bros.' it has individuality, elegance and a style character that no inferior goods embrace.

If there is anything lacking to complete your Easter apparel, it will pay you to make us a visit. Our prices are reasonable. Remember, it is the quality we dwell upon.

PRICE BAKING POWDER CO., CHICAGO.

M... Play Today and Tomorrow

Today and tomorrow the Denver Grizzlies play two practice games in this city with the Millionaires. Packard's Pets will come down this morning from Denver for the first game of the series which is to be played at Boulevard park this afternoon at 3 o clock. The local team is still smarting under the defeat administered to it here two weeks ago and there promises to be something doing if the Grizzlies take the game today. The local team knows that it must win today or tomorrow to square itself with the fans and at least one victory can be counted upon. The defeat of two weeks ago was enough to cause a certain class of individuals to get out their little hammers and do the knocking stunt and the members of the local team know that it is up to them to bring out the boosters. The game will be called promptly at 3 o clock. The new men will do the slab honors for the locals. This will be the fans first opportunity to see Fleming and Granville at their old stations.

TIGERS ... MAKE ...

The Colorado college Tigers met their third defeat yesterday afternoon at Boulevard park at the hands of the Millionaires. The score at the end of the ninth inning was .. to 7 in favor of the professionals. Either the Millionaires are improving a great deal more rapidly than the collegians or the latter have come to a standstill in their training work, for yesterday's score showed a greater difference between the run getting of the two teams than has any of those previously played. Hester and Solenburger worked out for the college while all the professional twirlers tried their hand in puzzling the Tigers. The game was lightly attended. Another practice game will be played by the two aggregations next Wednesday.

TWO SHAMROCKS WILL RACE OVER 42 MILE COURSE

By Associated Press

Weymouth England April 10. It was decided tonight that the course for tomorrow's race between the Shamrock I and Shamrock III shall be 42 miles, seven miles from Weymouth to Lulworth Cove, seven miles thence to the Shambles lightship and thence seven miles home twice around to complete the race. The Shamrock I will be allowed 10 minutes if the wind is fresh and 12½ minutes if its is light.

The Shamrock III has not yet been asked to negotiate a head sea and the likelihood of a seaward breeze tomorrow is welcomed as it will give an opportunity of seeing how she will acquit herself under such conditions.

The race tomorrow will be the first in which prize money has been offered the crews.

The start will be by gun fire. The course will be laid around marks officially laid off.

... DEFENDER TO ... BE LAUNCHED TODAY

By Associated Press

Bristol R. I. April 10. There will be launched just before sunset tomorrow the 90 foot ... keel sloop yacht which ... the six prominent yachtsmen of the New York Yacht club have had constructed for the defense of the America's cup against Sir Thomas Lipton's third challenger. Miss Nora Iselin the daughter of C. Oliver Iselin managing owner, will christen the Reliance. The Reliance is the sixth yacht which the Herreshoffs have constructed for the defence of the America's cup. Three of those the Vigilant, Defender and Columbia have defeated the British challenger while two others the Colonia and Constitution did not prove in their trials sufficiently reliable to warrant their selection for the honor.

The Reliance will be the first boat to never a cup boat ... the Columbia's ... record of two successful defenses of the cup will again ... in the field while August Belmont who controls the Constitution is keen to retrieve the honor lost to the Columbia two years ago. Although the Reliance as in the case of nearly all the ... has been built in secret it is known that her underbody is constructed of Tobin bronze and her top sides of nickel steel. It is known also that she is about 140 feet over all just short of 90 feet on the water line and about 26 feet deep and 24 feet beam.

When fully rigged she will be able to spread over 14,000 square feet of canvas which is the largest amount ever hoisted by any racing 90-foot sloop.

She was designed by N. G. Herreshoff and has been constructed under his personal supervision.

The scene about the boat shops during the day was a busy one. Many men were at work on the spars and fittings of the craft while other gangs were engaged in arranging the cradle and the machinery for service tomorrow. No time will be lost in stepping the mast and putting on the gear after the launching takes place.

The members of the syndicate who gave the order for the boat are expected here tomorrow afternoon. Arrangements will be made to protect the Reliance from injury by contact with other boats when she slides into the water. A great fleet of craft undoubtedly will throng the harbor.

NEW GYMNASIUM WILL OPEN TO-NIGHT

This evening occurs the opening of the Y M C A gymnasium. This part of the new Y M C A building has had no formal opening and a special program has been arranged on that account. An admission will be charged. Following is the program:

Class marching
Corrective drill
Health drill and dumb bells,
Elementary apparatus
Mats
Parallel bars
Illuminated Indian club exercise, Horace Ragle
Indoor baseball game Reds vs. Blacks

Y. M. C. A. ORGANIZES A BASEBALL TEAM

A baseball team has been organized at the Y. M. C. A. The first practice will be held this afternoon at 2 o'clock on Washburn field. Frank Bissell has been elected captain and Hon L. L. Aitken, manager. Among those who will constitute the team are Roscoe Hill of the High school faculty, and an old-time player Horace Ragle, Leon Fowler and George Tyler, all of whom are well-known local amateur players.

The team will play the various city teams and out of town Y M C A aggregations.

CHICAGO TANNERS AND CURRIERS RESUME WORK

By Associated Press

Chicago, April 10.—Three thousand tanners and curriers returned to work today ending a strike of several weeks, the settlement marking the first victory for the Chicago Employers association since it made a rule to grant absolute union recognition to no labor organization.

N... LOWELL MILL STRIKE

By Associated Press

Lowell, Mass. April 10.—The cotton manufacturing corporations of Lowell were on the defensive almost all day during the hearing which is being conducted by the state board of conciliation and arbitration at the behest of the legislature.

At the opening of the proceedings Edward McVey, counsel for the textile council announced that the burden of proof lay with the manufacturers regarding their claims that they could not pay higher wages. The manufacturers had admitted that Fall River and New Bedford paid the operatives more than was received in Lowell. The board called William Southworth agent of the Massachusetts mills to the stand. He gave the entire history of the present controversy. The agents held he said that an advance in wages was an anticipation of future conditions and that at present it could not be effected.

When an advance was granted in Fall River, Mr. Southworth asserted the price of print cloth was raised so that the cost of the advance came out of the pockets of the consumers. The mills with which he is connected he declared, are old and the machinery not adapted to fine goods therefore the impossibility of raising the wages.

Mr. Southworth denied that there was any combination of mill owners to control the prices of goods or to keep down wages.

PENNSYLVANIA EDITORS PROTEST AGAINST MUZZLE

By Associated Press

Harrisburg Pa. April 10. The libel bill which has stirred up the entire newspaper press of the state came into the possession of Governor Pennypacker this afternoon for his approval or disapproval. The bill passed the house finally today by a vote of .. to .. after a somewhat bitter fight.

The Pennsylvania newspapers are taking a leading part in opposing the bill. A strong protest was received from all members of the house against its passage and today the publishers asked the governor for a hearing on the ground that their rights and property are involved.

The governor granted the request and will fix a day for the hearing. He has .. days in which to approve or disapprove the bill.

STRIKE WHICH WAS CAUSED BY BRIDLE OF MULE

By Associated Press

Johnstown Pa., April 10. The 1,500 miners employed by the Beach Creek Coal and Coke company at P... who went on strike recently will return to work tomorrow morning. The question as to whether a bridle constitutes a portion of a harness which caused the strike remains unsettled. The ... recommended that the mule be driven without a bridle. This was satisfactory to the company and in the future the company will harness and unharness the mules but the bridle will be dispensed with.

WAGE SCALE ACCEPTED.

By Associated Press

New York April 10. Employes of the Manhattan Elevated Railroad company were in session almost continually from an early hour this morning to a late hour tonight discussing the recent offer of the officials of the road to increase wages and reduce hours of labor. The new wage scale was accepted but the men will continue to agitate for a day of nine hours instead of nine and a half hours as they proposed to the company.

... PLOT AGAINST ... KING ...

By Associated Press

Vienna, April 10.—The rumors current of a plot against the life of King Alexander of Servia, received apparent confirmation in private dispatches which have been received at Budapest and, according to which an attack on the king's life was planned for next Sunday. The plot was discovered and 50 persons suspected of complicity therein were arrested. Other arrests are expected.

Semi-official reports from Belgrade declare that these rumors are false but it is thought here that King Alexander's recent coup d'etat was hastened by the discovery of the alleged plot.

INDIANA MAN CHARGED WITH CRIME AT FORT COLLINS

By Associated Press

Brazil Ind. April 10. James H. Helton, a carpenter of this city was arrested tonight on advices from Fort Collins Colo. under charges of attempted murder and burglary. He denies the charge and says he was not in Fort Collins at the time alleged. He has just returned from the west. An officer will arrive on Sunday to take Helton to Colorado.

By Associated Press

Denver April 10. A special to the Republican from Fort Collins says the charges against James H. Helton who was arrested today at Brazil Ind. grew out of an alleged attempt of Helton to kidnap his child from its mother, his divorced wife now Mrs. Frank Martin at her home in Loveland Colo. about a week ago. It is claimed that he broke into the house for the purpose of carrying off the child and when the mother interfered struck her on the head rendering her unconscious. He escaped but without the child.

BALLOONS FOR HOSPITALS

The Treatment Europeans Suggest for Anaemic and Consumptive Patients

Hospital balloons will make half hour trips between 8 and 10 each morning. Patients may be ... the ... air ...

Notices of this sort we are told by eminent European physicians will soon be posted in all of the free dispensaries for the poor in the great cities. Balloon voyages up into the better air for anaemic and consumptive patients, it will be cheaper than a trip to the mountains or altitudes and has even a more pronounced beneficial effect.

Dr. Nanier of Paris has for some time been experimenting with patients suffering with anaemia and he has found that balloon excursions for a few hours into the upper air strata have worked marvelous improvement upon his patients. These little excursions into the clouds or above them have increased the number of red blood corpuscles in a marked degree and the change has been lasting.

Other eminent physicians in Europe have duplicated the experiments with success and in some of the large cities of the continent arrangements are being made to provide hospitals with balloons for the pale faced and thin blooded people who cannot afford to go to the country to purer air.

Balloons for this purpose could be secured and operated at a comparatively small expense. Physicians in America say that this method of treatment while appearing somewhat fantastic is quite likely to come into common use as navigation of the upper air becomes safer and less expensive. It is generally admitted that two or three hours inhalation of the air far above the tumult and poison of a great city would be more beneficial in certain cases than any other treatment that could be given.

Burrowing in the Hudson's Bed

All subaqueous tunnel construction is now done by means of steel shields. The shield in use in the North river tunnel is a section of a steel tube about 20 feet in diameter strengthened by steel webs which divide it into compartments. The shield forms a solid bulkhead across the head of the tunnel. On its forward side the steel edges are sharpened to cut through the silt. On the inner side are steel doors for excavating the silt removed. The workmen are in the tunnel taking these doors. The shield weighs .. tons. When a new piece of tunnel is ready it is hauled ... put in place around the inner edge of the shield. The doors in the compartments are opened and the power is turned on. The shield at the top of the construction halt on the New Jersey shore pumps the water through a pipe now then ... feet long to the head of the tunnel where the enormous water pressure pushes the shield slowly forward with a maximum driving force of .,000 tons. As the shield advances the silt is displaced and squeezed through the open doors in the diaphragm. It falls into little cars ... the loads are ... then run back on a railway in the tunnel to the New Jersey shaft ... to the surface and dumped.

When a ... length of tunnel has been dug out the shield is stopped to await the construction of the lining of tunnel. A ring of iron plates the lining of the tunnel ... into place within the ... of the tail of the shield. The plates are forced into place by hydraulic pressure. They are riveted together and the joints are calked to keep out the water. All of this work at the head of the tunnel must be done with extreme care for just outside the silt under the heavy pressure of ... of water in the river above is struggling to force its way into the tunnel. A sudden ... of the mud would produce an inrush of a flood of the river that would mean death to the men at work in the tunnel. Years ago when other engineers attempted to construct the tunnel ... frightful accident of that kind happened and .. workmen lost their lives.—Frank Leslie's Magazine.

NEW YORK'S OYSTER BEDS

A Department of Oystering May Be a Feature of Municipal Government

With the ... of the city of New York of ... acres of land and water and .. miles of water front in Jamaica bay the people of New York city came into possession of property of almost incalculable value in the development of the Borough of Queens. This immense tract of land and water was part of the common lands of the old town of Jamaica. Some time previous to consolidation Jamaica leased the property to a proposed syndicate for a term of 99 years at a nominal rental. It was the purpose of the syndicate to build a modern Venice on the leasehold while the several hundred oyster men and fishermen were to be taxed a yearly rental.

New York contested the legality of the leasehold in the courts and the syndicate has given up the fight. This victory will probably necessitate another department unique in municipal government, a department of oystering and fishing for Father Knickerbocker will then become either an oyster planter or a lessor of oyster beds of which there are hundreds of profitable acres in the city's newly acquired possessions. These beds are valuable and under proper direction can be made to yield a handsome revenue.

Ingress to the bay from the Atlantic ocean is by the way of Rockaway Inlet and with proper dredging ten to twelve miles of valuable water front can be utilized.—New York Evening Telegram.

A Young Composer in Society

Everyone is amazed at the constitution of Miss Ethyl Smyth, the composer of the opera "Der Wald" and the present lion of society. Miss Smyth has been feted until it seems her health can endure the strain no longer, but invariably she appears serenely smiling she is not in the least fatigued. Miss Smyth's social success is astonishing in its completeness and her engagement book could be filled twice over. Miss Smyth is admirably assisted in her ascendancy by a pretty sister Mrs. Charles Hunter, who has as much tact as her sister has talent, and together the two women have accomplished wonders. They were lunched by the Wilson family and to Mrs. Ogden Goelet and Lady Herbert they owe their success. Mrs. Goelet is said to have postponed her trip to Europe in order to be in New York when "Der Wald" was first produced, and the young composer sat in the Goelet box on opening night. With this sort of a "head start," even if "Der Wald" had not pleased, Miss Smyth would have become a woman of importance. Miss Leary, too, has hastened to endorse
